Department of Anatomy and Cell Biology

Comprehensive Examination

FINAL EVALUATION REPORT

<u>Mentor</u>: You will receive Part A and Part B of the written evaluation from each jury member, and you must summarize those results on this form. Following the exam, the committee will have a closed discussion regarding the oral presentation, and as the mentor, you must then complete the oral evaluation on this form based on the outcome of that discussion.

Student Name:

Date:

Criteria	Written Thesis Proposal				Oral PhD Project / Thesis Proposal			
	Meets Expectations	Needs Improvement	Unacceptable	N/A	Meets Expectations	Needs Improvement	Unacceptable	N/A
Quality of the literature search / intro								
Coherence of the project								
General interest of the project (understanding of context)								
Capacity to formulate hypotheses								
Demonstrated ability to organize results								
Demonstrated detailed knowledge with previous work in the field								
Differentiated his own data from the laboratory data								
Demonstrated ability to present his/her data in an organized, clear and understandable fashion.								
Demonstrated ability to interpret data								
Demonstrated ability to discuss them in respect to the literature.								
Understanding of the methods								
Correct choices of the methods								
Scientific Originality								
Evolution of the project								
General quality of writing / presentation								
Presented a solid PhD project								

Criteria	Written Article Critique			Oral Discussion of Article Critique				
	Meets Expectations	Needs Improvement	Unacceptable	N/A	Meets Expectations	Needs Improvement	Unacceptable	N/A
General Understanding of the field								
Understanding of the article								
Ability to critically evaluate the article								
Ability to expand on the research								
Originality of the hypothesis proposed								
Feasibility of the approach								
General quality of writing / presentation								

Criteria	General Knowledge					
	Meets Expectations	Needs Improvement	Unacceptable	N/A		
Knowledge of the field of study						
Knowledge of related field of study						
Knowledge in areas unrelated to the field of study
