### Admission Standards for September 2015 - International Baccalaureate Students

The values listed below are the minima that were required for admission in September 2015. Admission to McGill is competitive and subject to availability of space. As such, minimum grades for entry may fluctuate up or down in any given year. Please note that grades that are equal to or better than those listed do not guarantee admission for September 2016.

Students applying on the basis of the IB Diploma are expected to present predicted (or final) results of ‘5’ or better in each HL and SL subject as well as school grades during the IB program which support the predictions. Most programs will have higher minimum requirements. **SL Math Studies is not acceptable for programs where math is a prerequisite.**

A maximum of 30 credits of advanced standing may be granted for the International Baccalaureate Diploma based on Higher Level results of ‘5’ or better.

| **Architecture (B.Sc. Arch.)***  
*NOTE: The decision to admit also takes into account the portfolio ranking.* | 37 subject points; 6 in ea. math & science | Mathematics, Chemistry and Physics at Higher or Standard Level; at least one at HL |
| **Arts (B.A.)** | 33 subject points overall | No specific prerequisites |
| **Arts and Science (B.A.&Sc.)** | 36 subject points; 6 (max. one 5) in ea. math & science | Mathematics and two of Biology, Chemistry or Physics, at Higher or Standard Level. |
| **Dietetics and Human Nutrition (B.Sc. Nutr.Sc.) ♦ Nutrition** | 30 subject points overall; 5 in ea. math & science | Mathematics and two of Biology, Chemistry or Physics, at Higher or Standard Level. |
| **Education (B.Ed.)**  
Kindergarten/Elementary Education  
Physical Education  
Secondary Education  
TESL *  
*NOTE: The decision to admit takes into account the evaluation of the Letter of Intent.* | 30 subject points overall | No specific prerequisites |
| **Kinesiology (B.Sc. (Kinesiology))** | 30 subject points overall; 5 in ea. math & science | Mathematics and two of Biology, Chemistry or Physics, at Higher or Standard Level. |
| **Engineering (B.Eng.)**  
Chemical Engineering  
Mechanical Engineering  
Civil Engineering  
Electrical, Computer & Software Engineering  
Mining & Materials Engineering | 40 subject points overall; 6 in ea. math & science  
39 subject points overall; 6 in ea. math & science  
34 subject points overall; 5 (and at least one 6) in ea. math & science | Mathematics, Chemistry and Physics at Higher or Standard Level |
| **Management (B.Com.)** | 36 subject points overall with 5 in HL Math or 6 in SL Math | Higher or Standard Level Mathematics |
| **Nursing (B.Sc.(N.))** | 30 subject points overall; 5 in ea. math & science | Mathematics and two of Biology, Chemistry or Physics, at Higher or Standard Level. |
| **Science (B.Sc.)**  
Biological, Biomedical and Life Sciences Group  
Physical, Earth, Math & Computer Sciences Group | 36/37 subject points overall; 6 in ea. math & science  
36 subject points overall; 5 (and at least one 6) in ea. math & science (6 in SL Math) | Mathematics and two of Biology, Chemistry or Physics, at Higher or Standard Level. |
| **Social Work (B.S.W.) ** | 33 subject points overall | No specific prerequisites |

The Schulich School of Music has its own admission office. Please contact them directly for more information.  
♦ Macdonald Campus  
* Additional documentation is required. Architecture applicants must submit a portfolio; a letter of intent is required for all B.Ed. programs except Physical Education; TESL applicants must also pass a language test.  
** A resumé, a personal statement, and letters of recommendation must also be submitted in support of the application.
