

## **Vivian Lewin Field Study Endowment Award 2014 -2015**

### ***Description:***

To be awarded to meritorious MSE undergraduate students on a 3 year rotational cycle basis. This year a student from the **Faculty of Arts** will be awarded \$550.

The award supports students who wish to take a McGill recognized field study abroad program **OR** have a pre-arranged independent course or honours course that involves field research abroad.

### ***Eligibility Requirements:***

- a. Students **must be** registered in one of the following programs:
  - a. B.A. Faculty Program in Environment
  - b. B.Sc. **Major in Environment** (in either the Faculty of Science or the Faculty of Agricultural and Environmental Sciences)
  - c. The B.A. & Sc Interfaculty Program in Science.
- b. Students must be registered in one of the McGill recognized field study abroad programs **OR** have a pre-arranged independent course or honours course that involves field research abroad.
- c. Students must be of a high academic standing as indicated by a CGPA

### **Application Process- all items listed below must be in the application:**

Students will be required to submit an application that includes

- a. *A copy of their most recent transcript.*
- b. *A 300 word summary of the research question or environmental problem being examined and the purpose of the field work **OR** a description of how the study abroad program will help in their career development.*
- c. *A short explanation or budget of how the money would be used to aid their proposed field work.*
- d. *Demonstration of registration (either through MINERVA or a letter from the course Professor that shows student's intent to register) in a course that requires field work as an element for evaluation in the course or one of the MSE associated Field Study Semesters. An additional letter from the course professor may be needed to confirm that the course requires field work abroad.*

## **DEADLINE is September 30, 2014**
