EDITORIAL BOARD APPOINTMENT

Soft Matter

RSC | Advancing the
Chemical Sciences

Members of the **McGill Materials Modeling Research Group** from the Department of Chemical Engineering, McGill University, are pleased to announce to the McGill research community that Dr. Alejandro Rey, James McGill Professor, has been appointed to the Editorial Board of *Soft Matter Journal*, effective June 1, 2009.

Soft Matter is now in its fifth year of publication and it has quickly been established as the platform where biologists, colloid scientists, physicists, polymer scientists, chemical engineers, chemists, and materials scientists can present work for interdisciplinary inspiration. Soft Matter's impact factor of 4.70 ranks it number one in the field.
