Expand your global outlook this summer

A Life Changing Experience
The International Summer Program (ISP) is designed for international undergraduate students to gain valuable North American point-of-view on issues of global importance. As the #1 research university in Canada* and among the top 25 worldwide**, McGill has two exquisite campuses, 11 faculties, some 300 programs of study, and more than 39,500 students from 150 different countries.

Learn with the Best
McGill’s Desautels Faculty of Management is recognized as one of the best international business schools by the Financial Times and BusinessWeek. Over 70% of our professors come from abroad, bringing a strong global perspective to the classroom.

“As a computer science student in France, the ISP program helped me open my mind to other fascinating areas while having a full Québec experience, and making precious friends from all over the globe. All of it at one of the best institutions in the world.”
—Sara Agouzoul, ISP’15

Montreal: #1 Student City in Canada†

A UNESCO City of Design since 2006, Montreal offers a true joie de vivre, boasting a unique experience halfway between North America and Europe. ISP courses are held at our campus in downtown Montreal, steps away from major cultural attractions, a bustling restaurant scene and one of Montreal’s biggest landmarks, Mount Royal.

Live to Learn
ISP offers international students the opportunity to learn from the best in a vibrant multicultural environment. During their month in Montreal, students will:
- Follow two management courses
- Take part in visits to companies, landmarks and cultural outings
- Travel to some of Canada’s major cities such as Ottawa, Niagara Falls, Quebec City and Toronto

Our two ISP courses are each worth 3 McGill credits, equivalent to 6 ECTS credits each:
- Managing in Global Context: Contemporary issues in international management illustrating unique challenges faced in IB, including legal and political foundations of international management, cross-cultural awareness, global mindset, global leadership, building effective international workforce and operations.
- Global Branding: Through the latest theories, models, and tools, students will improve their ability to create and evaluate local and global brand strategies.

Apply Today
We welcome applications for this program from undergraduates having completed at least one year in any discipline from any university worldwide. The application deadline is April 30. Applications received after this deadline will be accepted if space permits.

Included in your program fee:
- tuition and course materials
- programmatic outings
- local cultural outings
- trips
- accommodation with Internet access
- ancillary fees
