

## **Instructions for students on how to fill out the publications, presentations, and fellowships sections of online fellowship application forms**

Please organize your corresponding contributions in categories with the following headers (disregard sections where you would not have a corresponding entry):

### **Scholarly Publications**

For each one of your publications, indicate 1) whether it was refereed or not, starting with all of your refereed publications, 2) the full bibliographic reference, and 3) the publication status (published, in press, accepted, revisions submitted, pending revisions, submitted, in advanced stages of preparation)

Books: single-authored

Books: co-authored

Books: edited works

Monographs

Book chapters

Journal Articles

Abstract Published in Conference proceedings

Other Published Conference abstracts

Articles in professional or trade journals

Book reviews

Research Reports

Policy Papers

Theses

Creative outputs (specify the type)

### **Scholarly Presentations**

For each one of your presentations, indicate:

- 1) status (presented, accepted for presentation, submitted, in preparation)
- 2) whether it was an international, national, provincial, local or institutional event,
- 3) whether it was an oral or poster presentation,
- 4) whether you were the presenting author,
- 5) presentation title, authors, name of event, location and date

### **Federal, Provincial or External and Internal Fellowships**

For each fellowship, indicate the following:

- 1) level (federal, provincial or otherwise external, and internal)
- 2) name of funding source
- 3) whether there was a competition (i.e. whether it was merit- or needs-based)
- 4) whether you were finalist or winner
- 5) total amount, start and end date if applicable
