Email: distance.occh@mcgill.ca

Dear applicant,

Further to your request, we are pleased to send you the Admissions Package for the Distance Education Program in Occupational Health Sciences offered by McGill University. Please find enclosed our two application forms, as well as the most current information on our program. We also invite you to visit our website, at <http://www.mcgill.ca/occh/distance>.

Please note our application deadlines for the **Fall** semester:

For **Master's degree and Special students**, the deadline is **April 1st**.

For **Professional Interest students**, the deadline is **September 1st**; however in order to avoid last-minute delays in the shipment of course materials *it is highly preferable to apply by August 1st*.

In order to avoid delays, please ensure that all application documents are returned to the address provided above. A list of required documents for each option (Degree student, Special student, Professional Interest student) is included in this Admissions Package.

Applications for the Master's degree and for Special Student status are reviewed by the departmental Admissions Committee following the application deadline. Admission to these options becomes official when confirmed in writing by both the Committee and McGill University's Office of Graduate Studies and Research. Applications for Professional Interest will be reviewed by the department from early December until the deadline, and the resulting admissions will be confirmed in writing by the Distance Education office.

We thank you for your interest in our Distance Education Program.

Sincerely,

Kelly Murphy
Program Coordinator
