

**McGill University**  
**Department of Microbiology and Immunology**  
**PhD ADVISORY COMMITTEE REPORT**

Research progress reporting was made mandatory by Senate (17 Sept. 2003). Such reporting must involve setting mutually acceptable objectives, recognition of the student's degree progress, and evaluation of the student. Some advantages of agreed upon expectations and clearly defined requirements are to help reduce time to completion and misunderstanding.

This form should be filled in by the student prior to the Advisory Committee meeting, except for the last page which should be filled in by the Advisory Committee members at the meeting. It is the student's responsibility to submit the completed form to the Graduate Program Director (Dr. Sylvie Fournier).
