May 8 - 9, 2017
McGill University, Department of Pathology
Montréal, Québec, Canada

COURSE DIRECTOR: Manon Auger MD, FRCP(C)

This review course will include didactic lectures on all topics, followed by interactive diagnostic sessions during which pre-circulated “unknown” cases (via digital slides and static images) will be discussed with highlights of diagnostic clues and differential diagnoses. This course is directed at the healthcare professional who wishes an update in the field of Cytopathology. This includes: Pathologists; Pathology Residents; Cytopathology Fellows and Cytotechnologists.
