Offering Research Results to Pediatric Participants: An Ethical Responsibility and Challenge

Présenté par | Presented by

Conrad Fernandez, MD, FRCPC, Hon BSc (Genetics)

Pediatric Hematologist/Oncologist, and Head, Division of Pediatric Hematology/Oncology, IWK Health Centre
Professor, Department of Pediatrics, Dalhousie University

**Mercredi, le 1 mars, 2017 | 8h00-9h00
Wednesday, March 1, 2017 | 8:00-9:00 a.m.**

**CUSM Auditorium de l'Institut de recherche, Salle E.S1.1129
MUHC Research Institute Auditorium, room E.S1.1129**

Objectifs:

- 1- Comprendre le raisonnement éthique qui sous-tend l'offre de transmettre les résultats de la recherche aux participants;
- 2- Comprendre les questions que soulève le fait d'offrir des résultats individuels ou sommaires;
- 3- Comprendre le modèle de transmission des résultats de recherche du groupe d'oncologie de l'Hôpital pour enfants.

Objectives:

- 1- Understand the ethical rationale for offering to return research results to participants;
- 2- Understand the issues raised in offering individual or summary of results;
- 3- Understand the Children's Oncology Group model of returning research results.
