

MSc ADVISORY COMMITTEE REPORT

Research progress reporting for MSc students at McGill is mandatory. Such reporting must involve setting mutually acceptable objectives, recognition of the student's degree progress, and evaluation of the student. Some advantages of agreed upon expectations and clearly defined requirements are to help reduce time to completion and misunderstanding.

This form should be completed by the student (please type) prior to the Advisory Committee meeting, except for the last page which should be completed by the Advisory Committee members at the meeting. It is the student's responsibility to electronically submit the completed form to the Graduate Program Director and the Student Affairs Coordinator (gradstudies.pharmacology@mcgill.ca) within one week of the meeting.
