PRIMARY DUTIES

Appointment will be in the Neurobiological Psychiatry Unit, McGill University.
<http://www.mcgill.ca/nbpu/welcome-dr-gabriella-gobbis-lab>

The laboratory conducts both basic science research and clinical research: this position is for someone primarily interested in working in clinical research. The candidate will collaborate also with the Mood Disorders Clinic of the MUHC and the McGill Departments of Epidemiology and Biostatistics. The position will entail a combination of management duties and research duties.

GENERAL DUTIES

The research assistant will be expected to:

1. Help to finalize a meta-analysis of adolescent cannabis use as a risk factor for depressive symptoms
2. Work to recruit patients from the Mood Disorders Clinic for a study on endocannabinoid levels and depression.
3. Manage a computerized database of the endocannabinoid study
4. Assist the Principal Investigator in lab coordination and research daily duties.
5. Participate in ensuring the smooth functioning of the unit's operations.
6. Assist in the organization of unit activities.
7. Be responsible for documents and files of the unit
8. Coordinate and liaise in grant application and execution.
9. Act as resource person for policies and procedures

EDUCATION/EXPERIENCE

For Research Assistant – minimum requirement: Master's degree

Master's Degree in Psychology or related subject.

OTHER QUALIFYING SKILLS & ABILITIES

The candidate should have strong problem-solving abilities and scientific reasoning. He/she should be highly organized. He/she should have the ability to multi-task, and the ability to prioritize, meet deadlines

and juggle several tasks at once. Attention to detail is essential. Experience in writing research manuscript and grants applications are strength. The candidate should be fluent in English and preferably French.

HOW TO APPLY

Please submit your application to:

Gabriella Gobbi at gobbilab.psychiatry@mcgill.ca

McGill University is committed to equity in employment and diversity. It welcomes applications from indigenous peoples, visible minorities, ethnic minorities, persons with disabilities, women, persons of minority sexual orientations and gender identities, and others who may contribute to further diversification.
