

**CHANGES TO CURRICULUM OF THE PREPARATORY YEAR (MED-P)  
October 2014**

For the information of the Faculty of Science.

Students affected are the direct-entry Medical students from CEGEPs (80 students/year), who are required to take 1 year of a BSc as preparation for entering McGill Medical School. These changes are being fully implemented for the 2015-16 academic year (2014-15 students already doing most).

<b>MED-P Old Curriculum (30 credits)</b>	<b>MED-P New Curriculum (30 credits) for 2015-16</b>
<u>Required Courses (6 credits):</u> BIOL 200 – Molecular Biology BIOL 201 – Cell Biology & Metabolism	<u>Required Courses (18 credits):</u> BIOL 200 – Molecular Biology BIOL 201 – Cell Biology & Metabolism BIOL 202 – Basic Genetics PHGY 209 – Mammalian Physiology 1 PHGY 210 – Mammalian Physiology 2 Introductory Statistics Course (e.g. MATH 203 or equivalent)
