

Giving Effective Face-to-Face Feedback

Activity: Providing useable face-to-face feedback

Possible Scenario Ideas:

- Student expresses concern over failing the class
- Student requests help elaborating on assignment comments
- Student is frustrated with group members
- Student provides elaborate personal reason(s) for submitting a late assignment
- Student provides reason(s) for not attending class
- Student requests explanation for a low grade
- Student requests help with difficult course content
- Student from another section complains about relative easiness/difficulty of other TA's grading
- Student complains about the instructor
- Excited student wants to share project ideas, but the project is inappropriate for the course
