### 7.1.3 The Faculty Then and Now

The Faculty of Education traces its beginnings back to 1857, when the McGill Normal School was established at McGill by agreement between the University and the Government of Quebec. In 1907, it was renamed the School for Teachers and was moved to Sainte-Anne-de-Bellevue, where it became part of Macdonald College. At this time also, the Macdonald Chair of Education was endowed at McGill University and a Department of Education was created in the Faculty of Arts and Science for the purpose of preparing candidates for the High School Diploma. The first graduate program was inaugurated in 1930, and in 1953 the University established the B.Ed. degree.
In 1955 the School for Teachers and the Department of Education were combined to become, within the Faculty of Arts and Science, the Institute of Education. To these was joined, in 1957, the McGill School of Physical Education (founded in 1912).

The Institute was reconstituted as the Faculty of Education in 1965 and the work continued on both the McGill and Macdonald Campuses. The St. Joseph Teachers College and the Faculty of Education were amalgamated in 1970 and relocated in a new building on the McGill Campus. In 1986, the Graduate School of Library and Information Studies became affiliated with the Faculty.

The Faculty serves approximately 2,000 students enrolled in undergraduate, graduate and professional development programs. The Faculty is organized into three departments and the Graduate School of Library and Information Studies. In addition, the Faculty has a number of research and service centres, several of an interdisciplinary nature.

Like other faculties of education in Quebec and Canada, the Faculty has had a traditional role in the initial training of teachers and leaders in education-allied occupations. It is also concerned with constructing knowledge through research and scholarship and with providing professional development services to the wider educational community.

In recent years a number of links have been established with counterparts in other countries for teaching, research and development purposes. Current active projects, some of which involve students as well as staff, include those in Japan, Indonesia, South Africa and Mexico.

### 7.1.4 Faculty Facilities

#### Centre for Educational Leadership (CEL)

CEL, a unit of the Department of Integrated Studies in Education, is committed to the development of leadership for all educational stakeholders through teacher preparation, graduate studies, research and ongoing professional development. The Centre seeks to promote dialogue, partnerships and projects among teachers, policy makers and other educational leaders in the local community and beyond through credit and non-credit work, research and development activities.

Director: Dr. Lynn Butler-Kisber

CEL is located in the Faculty of Education (Room 422)

Telephone (514) 398-6961; 1591

Fax: (514) 398-7436

Website: www.mcgill.ca/edu-integrated

#### Education Library and Curriculum Laboratory

The Education Library and Curriculum Lab are located on the first floor of the Faculty of Education Building. The collection consists of over 100,000 monograph volumes, more than 500 periodical titles, access to full-text electronic journals, microforms, government documents, non-print materials, and CD-ROMS. The focus of the collection is on the teaching and research concentrations of the Faculty.

The Curriculum Lab adjoining the Library houses a collection of elementary and secondary school textbooks, teachers’ resource guides, video and audio cassettes, CD-ROMs, games, kits, big books and equipment for viewing and listening. The CDC Children’s Literature Collection of fiction, non-fiction, poetry, folklore, and biography is also located in the Lab.

Tours and instructional workshops are held at the beginning of each semester to introduce students to MUSE (the on-line catalogue), the various education full-text electronic resources, and databases such as ERIC, PsycINFO, Education Abstracts Fulltext and CBCA Full Text Education. The schedule is available at the Library Reference Desk and on the Education Library website.

Computers in the Library provide access to MUSE, electronic databases, full-text electronic journals and e-books, the Internet and Microsoft Office. Designated study carrels are wired for students to connect their laptops to the McGill Network and the Web using VPN. The library area is also a “wireless zone” where laptops with wireless network interface cards can be used.

Visit the Education Library Website for library hours, loan policies, information about reserve reading, curriculum guides and links to other important education sites.

Head Librarian: Marilyn Cohen

### Education Undergraduate Society

The Society is the students’ voice of undergraduates within the Faculty and its primary purpose is to serve and to inform the students. It also aims to promote students through sponsorship of activities such as career placement, student orientation, participation in teachers' conventions, library donations and Career Fair. Other activities include the assignment of lockers for students, selling merchandise in the Spirit Store, the administration of a tutoring service, and the coordination of the Graduation Ball.

Students are encouraged to participate and to make their opinions known. The Society Office is located in the Lobby of the Education Building.

Telephone: (514) 398-7048

Website: www.mcgilledus.ca

### Media Services

Media Services, located in Room 219 of the Education Building, provides audiovisual, multimedia, and computer support services to students and teaching staff in the Faculty of Education. Access to equipment and facilities is provided free of charge for all course-related work.

The equipment loan inventory includes a 30-seat mobile wireless computer lab, multimedia projectors, laptop computers, digital video and still cameras, DVD and VHS video playback units, audiocassette kits for recording lectures and interviews, and CD/MP3/tape boom boxes for in-class audio playback. Media-related consumables such as CDs and batteries are available for sale at the service counter.

An eight-seat multimedia lab gives students access to workstations equipped for a range of multimedia production tasks including digital video editing and DVD burning. Students can create video programs, audio tracks, Websites and PowerPoint presentations, often combining “multi” media in each project. The lab is supported by experienced technical staff.

In-class technical support services are provided as needed, both by appointment and in urgent situations, as well as through ongoing maintenance of classroom technology facilities. All classrooms in the Faculty have Internet access, while most are equipped with wireless (wi-fi) connectivity as well.

Media production services are provided free of charge (except consumables) for teaching staff preparing teaching materials for Faculty of Education courses. Services include everything from making copies of various media (when legal), to live video recording, Website creation, banners, booklets, pamphlets, conference presentation materials and production of internationally distributed education journals. Production services are also available to research, administration and external clients at competitive pricing.

In-house conference expertise is available for all technical aspects of supporting conferences in the Education building. This includes pre-conference planning, promotional materials preparation services and extensive conference-day technical support resources.

Instructional functions comprise small group workshops and Media Services facilities orientation tours (both by appointment only), individual equipment and software operation assistance and troubleshooting, and technical support to courses.

Media Services manages and maintains the Faculty Web server, participates in maintaining the Faculty Website, and provides production services for the Faculty newsletter.

7.2 Faculty Programs

The Faculty of Education offers three different kinds of programs.

Undergraduate Programs
The Faculty offers programs leading to the Bachelor of Education (B. Ed.) degree for those wishing to become teachers, and a B.Sc. (Kinesiology). Advanced standing may be given to those already holding a university degree.

Programs of Professional Development
For qualified teachers wishing to enhance their knowledge and skills, the Faculty offers programs of professional development leading to specialized Certificates and Diplomas. Most courses that are required to complete these programs are offered in the evenings and in the summer.

Graduate Programs
The Faculty offers graduate programs for those already holding a university degree who wish to pursue advanced study and research leading to master’s and doctoral degrees in various fields of education and psychology, and library and information studies.
Undergraduate programs of initial teacher education are described in this Calendar, programs of professional development are described in the 2005-06 Centre for Continuing Education Calendar, and graduate programs are described in the 2005-06 Graduate and Postdoctoral Studies Calendar.

7.2.1 Undergraduate Education Programs

7.2.1.1 Code of Professional Conduct
Faculty of Education programs have professional components and field placements. In all aspects of any program, on campus and off, students are expected to demonstrate ethical, responsible, and professional behaviour in the performance of their duties, to conduct themselves in accordance with the law (e.g., Youth Protection), and to meet the expectations of schools, boards and other host institutions receiving them for field placements. This applies to all aspects of professional conduct, including but not limited to respect for persons, property and confidentiality, appropriate dress and punctuality. Failure to meet these expectations, regardless of performance in courses or other formal program requirements, will be taken into account in the assessment of the students’ overall academic standing in the program and, in the most serious instance, may result in a requirement to withdraw from the program.

7.2.1.2 Code of Ethics for Student Teachers
A. PREAMBLE - A STUDENT-CENTRED PERSPECTIVE
Mandate
A joint subcommittee consisting of members from two standing committees of the Faculty of Education (Faculty of Education Ethical Review Board and Student Standing) was created to develop a Code of Ethics for Student Teachers and to examine the ways in which this Code will be communicated to students, faculty members and educational partners.

Goals and Rationale
The interests of the two Standing Committees of the Faculty of Education in promoting appropriate ethical and professional conduct have led us to develop the following Code of Ethics for Student Teachers. This code seeks to respond to and address the following needs:

• The Code addresses the interdependent duties, rights and responsibilities of student teachers, faculty members and educational partners.
• By addressing common issues and needs, the Code seeks to articulate and make explicit ethical principles that transcend disciplinary boundaries. These principles reflect the fundamental values that are expressed in the duties, rights and responsibilities of all involved in Teacher Education.
• The Code requires a reasonable flexibility in the implementation of common principles. It is designed to help those involved in Teacher Education, as a matter of sound ethical reasoning, to understand and respect the contexts in which they work and accommodate the needs of others.
• The Code seeks to encourage continued reflection and thoughtful response to ethical issues. It does not seek definitive answers to all ethical questions or situations. Rather, it seeks to outline the guiding principles to ethical conduct and to identify major issues which are essential to the development and implementation of this Code.

Context of an Ethics Framework for Student Teachers
The principles and norms guiding ethical conduct are developed within an ever-evolving complex societal context, elements of which include the need for reflective action and ethical principles. Education is premised on a fundamental moral commitment to advance and construct knowledge and to ensure human understanding and respect for individual and collective well-being and integrity.

The moral imperative of respect translates into the following ethical principles that assume a student-centred perspective as articulated in the Quebec Curriculum Reform and Competencies outlined for Teacher Education.

B. ACADEMIC FREEDOM AND RESPONSIBILITIES
Teachers enjoy, and should continue to enjoy, important freedoms and privileges. However, with freedoms come responsibilities and ethical challenges. This Code of Ethics is in keeping with the philosophy and spirit of the New Directions that are embedded in the document “Teacher Training: Orientations, Professional Competencies” (Ministry of Education 2001) and the reflective practice literature.

The role of the teacher and the contexts of teaching have changed. Thus, new resources (knowledge, skills, attitudes) are required to practice the profession and meet the challenges of teaching and learning in whatever contexts student teachers may find themselves and to engage in professional development individually and with others.

C. ETHICS AND LAW
“Teaching is governed by a legal and regulatory framework” (MEQ p. 120). The law affects and regulates the standards and norms of teaching behaviours in a variety of ways such as respecting privacy, confidentiality, intellectual property, competence. Human rights legislation prohibits discrimination and recognizes equal treatment as fundamental to human dignity and well being. Teachers should respect the spirit of the Canadian Charter of Rights and Freedoms, particularly the sections dealing with life, liberty and the security of the person as well as those involving equality and discrimination and the Education Act that sets out the obligations and rights of teachers.
D. GUIDING ETHICAL PRINCIPLES
Ethical student teachers should respect the following guiding ethical principles:

1. Respect for Human Dignity
   • Speaks and acts towards all students with respect and dignity; and deals judiciously with them at all times, always mindful of their individual rights and personal sensibilities.
   • Respects the dignity and responsibilities of cooperating teachers, peers, principals, parents and other professionals or paraprofessionals within the school, school board and community.

2. Respect for Vulnerable Persons
   • Respects and recognizes ethical obligations towards vulnerable persons. This principle recognizes that students are in a vulnerable position and that student teachers are in a privileged relationship with students and their families and will always refrain from exploiting that relationship in any form or manner.

3. Respect for Confidentiality and Privacy
   • Respects the confidential nature of all information related to students and their families and will share such information in an appropriate manner only with those directly concerned with their welfare.
   • Respects the confidential nature of all information related to all school personnel and will share such information in an appropriate manner.

4. Respect for Justice
   • Respects and recognizes the right of individuals to be treated with fairness and equity and the importance of avoiding conflicts of interest.

5. Respect for Safety of Students
   • Respects the right of individuals to expect that student teachers will engage in practices that aim to ensure the physical, psychological and emotional safety of students.

6. Respect for Existing Ethical Codes and Professional Standards
   • Respects the authority, roles and responsibilities of the cooperating teacher and agrees to adhere to the responsibilities and obligations for teachers as outlined in the Education Act, Faculty and University handbooks as well as all local agreements from host school boards and schools.

7. Balancing Harm and Benefits
   • Acknowledges that any potentially harmful practices (e.g., science labs and physical education activities) must be balanced with anticipated benefits and conducted in a prudent, informed manner.

E. PUTTING PRINCIPLES INTO PRACTICE: VENUES FOR COMMUNICATION
More than one principle may apply to a given case or situation. For meaningful and effective implementation of these principles, they must be widely communicated and applied in appropriate contexts.

The Code of Ethics will be published on the Faculty of Education Website with links from department Web pages to the Code, and in the Student Teaching Handbook and Undergraduate Student Handbook.

7.2.1.3 English Language Requirement
The Quebec Ministry of Education and the Faculty of Education require that all students in teacher education programs demonstrate their proficiency in the language of instruction. To fulfill this obligation, all students are required to successfully pass an English Language Proficiency Test in the Fall term of their first year of admission to the Faculty. The test will be administered in the December examination period. Students who fail the test the first time and who wish to remain in the program will have adequate opportunities to improve the quality of their English language skills. Students who were unsuccessful in their first test in the first year in the program will be required to register and take the test again in the Fall term of the second year of the program. Students who fail the second test will be placed in unsatisfactory standing and must withdraw from the program. Students who fail to register for the test in the Fall term of their first year in the program will be given only one opportunity to pass the test, in the Fall term of their second year.

Note: This requirement does not apply to students in the B.Ed. or in the Education for First Nations and Inuit TFSL Certificate programs.

Language Requirement for Applicants to B.Ed. TESL, TFSL Programs
Applicants to the B.Ed. TESL or TFSL programs are required to pass written and oral language tests in order to fulfill the admission requirements of these two programs.

7.2.1.4 Undergraduate Programs
The Faculty of Education offers the following Undergraduate programs. Details of each program may be found in this Calendar under the headings of the appropriate department. The credit weights given are for students who have graduated from appropriate Quebec CEGEP programs; out-of-province students are normally required to complete an additional 30 credits. Normally, Bachelor of Education programs may only be followed on a full-time day basis. Admission is competitive and it may not be possible to accept all applicants who meet the minimum requirements.

• For "Bachelor of Education Secondary Program", see section7.5.1.1. A 120-credit program offered by the Department of Integrated Studies in Education.
• For "Bachelor of Education Kindergarten and Elementary Program", see section7.5.1.4. A 120-credit program, offered by the Department of Integrated Studies in Education.
• For "Bachelor of Education Kindergarten and Elementary Program (JewishStudies Option)", see section7.5.1.6. Students taking this option take 126 credits, offered by the Department of Integrated Studies in Education.
• For "Baccalauréat en enseignement du français langue seconde", see section7.5.1.7. A 120-credit program, offered by the Department of Integrated Studies in Education jointly with the Université de Montréal.
• For "Bachelor of Education in Teaching English as a Second Language", see section7.5.1.8. A 120/121-credit program offered by the Department of Integrated Studies in Education.
• For "Bachelor of Education Physical Education", no new students will be admitted to this program; refer to previous Calendars for program details.
• For "Bachelor of Education Physical and Health Education", see section7.6.1.1. A 120-credit program offered by the Department of Kinesiology and Physical Education.
• For "Concurrent Bachelor of Education in Music and Bachelor of Music (Music Education) Program", see section7.5.1.2. A 143/144-credit program offered jointly by the Department of Integrated Studies in Education and the Faculty of Music. See also section 10.6.5 "B.Mus./B.Ed. Bachelor of Music and Bachelor of Education Concurrent Program".
• For "Concurrent Bachelor of Science (Major or Major Concentration with a Minor for Teachers) and Bachelor of Education Secondary Program", see section7.5.1.3. This program is offered jointly by the Department of Integrated Studies in Education and the Faculty of Science.

A student who successfully completes any of the above programs, (and meets other requirements set out by the MEQ (Ministère de l’Éducation du Québec) is recommended for certification as a teacher in the province of Quebec; see section 7.2.1.5 ‘Québec Teacher Certification’.

McGill University, Undergraduate Programs 2005-2006 193
7.2.1.5 Quebec Teacher Certification

Please note that graduates of teacher education programs are recommended by the University for Quebec Certification to the Quebec Ministry of Education (Ministère de l'Éducation du Québec) (MEQ).

Teacher Certification in Quebec is the responsibility of the MEQ. Students who complete requirements for the Bachelor of Education degree and who meet the MEQ requirements (specified below) are recommended for certification.

All graduates of the 120-credit Bachelor of Education Teacher Education programs may apply for a permanent Teaching Diploma (Brevet) immediately upon graduation.

In order to be eligible for a "Permit to Teach" or a permanent Quebec Diploma, candidates must be either Canadian citizens or Permanent Residents.

In addition to meeting these requirements, candidates for Teacher certification must be recommended by McGill University in a series of core professional competencies specified in "Teacher Training Orientations – Professional Competencies" (MEQ 69-2099A).

Holders of a temporary Permit or of a permanent Diploma wishing to teach in another province or in another country must apply directly to the Teacher Certification Agency in the relevant province or country. Similarly, teachers from other provinces or countries who wish to teach in Quebec must apply to the:

Ministère de l’Éducation
600 Fullum, 2e étage
Montréal, QC H2K 4L1
Telephone: (514) 873-8208

It is recommended that applicants intending to teach in other provinces obtain information beforehand concerning the requirements for certification in the appropriate province.

Fluency (oral and written) in the language of instruction is a requirement for all those seeking certification.

7.2.1.6 General Admission Requirements – Undergraduate Programs

Except for the Concurrent Bachelor of Education in Music and Bachelor of Music (Music Education) program for which application should be made to the Faculty of Music (refer to section 7.2.1.7 "Additional Admission Requirements" and to section 7.5.1.2 "Concurrent Bachelor of Education in Music and Bachelor of Music (Music Education) Program"), application for all Bachelor of Education programs should be made to:

Admissions, Recruitment and Registrar’s Office
McGill University
845 Sherbrooke Street West
Montreal, QC H3A 2T5
Telephone: (514) 398-3910
Fax: (514) 398-4193
Website: www.mcgill.ca/applying

For application procedures and admission requirements for the Bachelor of Education and Bachelor of Science (Kinesiology) programs, see section 3.5 "General Admission and Documentation Requirements" or the Website: www.mcgill.ca/applying.

The Faculty of Education endorses the philosophy that teachers with diverse backgrounds should be available to the community and that Faculty programs be equally open to male and female applicants.

If credits towards a degree were taken more than five years ago, the Faculty of Education reserves the right to require, where appropriate, that students demonstrate updated knowledge or take additional courses. Decisions are made on an individual basis. Notwithstanding the above, the Faculty of Education encourages students with relevant work, family or community experience to apply for admission.

Residents of Canada 23 years of age or older who lack the academic qualifications required for admission may apply for entry as mature students. Please refer to section 3.5 "General Admission and Documentation Requirements" or at the Website: www.mcgill.ca/applying.

7.2.1.11 Readmission

Requests for readmission must be submitted to the Associate Dean (Teaching, Learning and Students), Faculty of Education. Students should request a Readmission Application package from the Associate Dean (Teaching, Learning and Students) Office. Information is also available on the Website: www.mcgill.ca/edu-sao. The application and all supporting documents must be received by the Associate Dean’s office no later than May 1 for September admission. Readmission for the Winter term is normally not permitted.

Students who are readmitted are subject to the program and degree requirements in effect at the time of readmission. Normally, in order to be considered for credit or exemption, pedagogical courses must have been completed within the last five years. The Associate Dean, in consultation with the appropriate department, will review special cases.

7.2.2 Programs of Professional Development

The Faculty of Education offers programs of professional development in several fields. All such programs are 30 credits, unless otherwise indicated, and may be completed through part-time study. They are intended to provide an opportunity for teachers and other educators to enhance their existing knowledge and skills or to develop new ones, and thus are normally available only to those who are already certified as teachers.

Detailed information regarding general regulations, admission requirements and program profiles for the following certificates and diplomas may be found in the section for offering departments.

Faculty of Education
Office of Continuing Education
3700 McTavish Street, Room 243
Montreal, QC H3A 1Y2
Telephone: (514) 398-7043 Fax: (514) 398-4679
Website: www.mcgill.ca/conted-edu/

The Faculty of Education offers 30-credit certificate and diploma programs to undergraduate students in the following fields:

Department of Educational and Counselling Psychology
Certificate in Educational Technology
Admission to this Certificate is temporarily suspended.
Certificate in Inclusive Education
Diploma in Human Relations and Family Life Education
Further information is available from the program secretary at (514) 398-4248.
Diploma in Psychology and Education of the Gifted
Admission to this Diploma is temporarily suspended.

Department of Integrated Studies in Education
Certificate in Teaching English as a Second Language (TESL)
This program will not accept students in 2005-2006.

7.2.3 Programs for First Nations and Inuit

The following programs are offered for First Nations and Inuit teachers by the Faculty of Education. Information can be obtained by contacting:

Office of First Nations and Inuit Education (OFNIE)
3700 McTavish Street, Room 614
Montreal, QC H3A 1Y2
Telephone: (514) 398-4533 Fax: (514) 398-2553
Website: www.education.mcgill.ca/ofnie

Detailed information about the following programs may be found in section 7.5.2 “Programs for First Nations and Inuit”.

B.Ed. for Certified Teachers (Elementary Education)
Certificate in Aboriginal Literacy Education
Certificate in Education for First Nations and Inuit
Certificate in First Nations and Inuit Student Personnel Services
(This program is offered by the Department of Educational Psychology and Counselling through the Office of First Nations and Inuit Education. Restrictions apply to enrolment.)
Certificate in Middle School Education in Aboriginal Communities
Certificate in First Nations and Inuit Educational Leadership
Certificate in Aboriginal Education for Certified Teachers

7.3 Faculty Regulations

Undergraduate Programs

Please consult the General University Information section for regulations and procedures regarding registration, fees, course load, course change (drop/add), withdrawal, verification, examinations, inter-university transfer, and graduation. In addition, the following section provides regulations specific to Faculty of Education students.

Note: Each student in the Faculty of Education must be aware of and comply with the Faculty regulations as stated in this Calendar. While departmental and Faculty advisers and staff are always available to give advice and guidance, the ultimate responsibility for complete and correct course selection and registration, for compliance with and completion of program and degree requirements, and for the observance of regulations and deadlines, and for academic records, rests with the student. It is the student’s responsibility to seek guidance. Misunderstanding will not be accepted as cause for dispensation from any regulation, deadline, program or degree requirement.

Language Requirement
See section 7.2.1.3 “English Language Requirement”.

Advising

Students must consult an academic adviser to obtain advice and approval of their course selection. Students accepted with advanced standing must present their transcripts and letters of admission at the Advising session. For a detailed description of advising and registration procedures, students should refer to two booklets which will be sent to them upon their acceptance: Welcome to McGill, sent by the Admissions, Recruitment and Registrar’s Office, and the “Undergraduate Handbook for New Students”, sent by the Faculty. (This document is also available on the Website: www.mcgill.ca/edu-sao).

Advising for returning students takes place in March for the coming academic year. Students should refer to the department handbooks for returning students, available in early March.

Note: Students are reminded that advisers are available to assist them with program planning; however, students are ultimately responsible for their academic record.

7.3.1 Course Information

Course Load

Undergraduate Education programs leading to certification can only be followed on a full-time basis and part-time study is not normally permitted. Students must take a minimum of twelve (12) credits per term unless the Associate Dean (Teaching, Learning and Students) gives them special permission. Special permission must be requested prior to the end of Course Add/Drop period.

Any absence or reduction in course load that may impact the regular progression of a student’s program must have written approval by the Associate Dean (Teaching, Learning and Students).

For Bachelor of Education students, the normal course load per term is 15 credits. Students whose GPA is above 3.00 may take up to 18 credits per term. Overloads are not allowed in major field experience terms.
**Course Requirements**

All required and complementary courses used to fulfill program requirements must be completed with a grade of C or better. A failure (F, J, KF, WF) in any level of field experience or the English Language Proficiency Test (EDEC 215), second attempt, places a student in unsatisfactory standing requiring withdrawal from the University. Further details on requirements for field experience are listed in section 7.3.3 “Student Teaching/Field Experience”.

**Course Equivalencies**

Course Equivalencies are considered equivalent:

- EDER 464 Intercultural Education (retired Fall 2005)
- EDEC 233 First Nations and Inuit Education
- EDEC 248 Multicultural Education
- EDEC 410 Multi-cultured/Multi-racial Class (retired Fall 2005)
- EDER 464 Intercultural Education (retired Fall 2005)

(Only one of these courses may be taken for credit.)

**Course Registration**

Students must register on-line using Minerva, McGill’s Web-based information system. The registration system is unable to verify whether or not Faculty regulations are respected; therefore, if in doubt, students must meet with their adviser within the course change deadlines.

**Note:** Students must register for both Fall and Winter terms at the same time. Students are required to be registered for Field Experience courses at least two months prior to commencement of the term. Students who are not officially registered by this date risk the possibility of not being placed for their Field Experience assignment. First-year students must be registered for their first-year Field Experience course by the end of August.

Students admitted to teacher education programs (except TFSL) must register for EDEC 215 in their first term in the Faculty.

**Courses offered through Continuing Education and Summer Studies**

A wide range of courses, enabling students either to acquire prerequisite credits or to earn credit towards their degree, is offered through Continuing Education and Summer Studies.

For courses offered, please check Minerva.

**Courses Taken as Transfer Credit**

Students may, with the approval of their adviser and the Student Affairs Office, elect to register at another university for three (3) credits, or in exceptional cases, six (6) credits per term towards their degree. This privilege will be granted if there are valid academic reasons. Only grades of C or better are accepted for transfer credit. Grades of C-, P, S are not acceptable for transfer credit. Please refer to section 4.6.5 “Transfer Credits”, for further information.

**Courses taken under Satisfactory/Unsatisfactory Option**

Required or Complementary courses cannot be taken under this option. Please consult section 4.3.5 “Courses taken under the Satisfactory/Unsatisfactory (S/U) Option”.

**Course Requirements**

For the Bachelor of Education programs, the following 3-credit courses are considered equivalent:

- EDEC 233 First Nations and Inuit Education (formerly EDEC 441)
- EDEC 248 Multicultural Education
- EDEC 410 Multi-cultured/Multi-racial Class (retired Fall 2005)
- EDER 464 Intercultural Education (retired Fall 2005)

(Only one of these courses may be taken for credit.)

Also for the Bachelor of Education programs, the following 3-credit courses are considered equivalent:

- EDES201 Effective Written Communication
- EDES202 Effective Communication
- EDEC203 Communication in Education

(Only one of these courses may be taken for credit.) Credit for Elementary Computing ACOM150, offered by the Faculty of Arts, will not be given if taken concurrently with or after EDPT 200.

**Dress Regulations**

All students enrolled in teacher certification programs are advised that school boards and individual schools may have regulations concerning acceptable attire. Students are advised to adhere to any such regulations.

Students in Kinesiology and Physical Education programs are required to wear appropriate clothing for activity courses as approved by the instructor(s). Students may also be responsible for providing some items of personal equipment.

**7.3.2 Attendance**

The pattern of attendance necessary to satisfy the requirements of coursework will vary according to the nature of different subjects and the professors’ approaches to them. A course constitutes a contractual, professional, academic and social obligation between the professor and the student. It is, therefore, the responsibility of the professor to make students aware of the unique requirements of a course and the manner in which they may be fulfilled, and the responsibility of the student to meet these requirements.

Please note that specific attendance policies apply for field experience courses offered by the Office of Student Teaching as well as for skill and technique courses offered by the Department of Kinesiology and Physical Education.

Students will not be allowed to register for, or continue to attend, intensive (6-week to 7-week blocked) Education courses if they miss the entire first six hours of the course.

Students enrolled in Teacher Education Programs should be aware that Field Experiences will not be interrupted during the University-scheduled Study Break. Refer to the Calendar of Dates.

**7.3.3 Student Teaching/Field Experience**

Students must be in satisfactory academic standing in order to do any level Field Experience course. Before students can be placed for their third- and fourth-year Field Experiences, they must have completed all required courses for these Field Experiences. Field Experience courses can only be done in sequence.

Students are required to be registered on Minerva for Field Experience courses at least two months prior to commencement of the term. Students who are not officially registered by this date risk the possibility of not being placed for their Field Experience assignment. First-year students must be registered for their first-year Field Experience course by the end of August.

Normally, all Field Experiences must be done in the province of Quebec in English schools. Students in the B.Ed. TESL programs are normally placed in French schools in the province of Quebec. Failure (F, J, KF, WF) in any Field Experience places a student in unsatisfactory standing, requiring withdrawal from the teacher education program. Therefore, students who fail their Field Experience will be required to withdraw from the program, as well as from the related professional courses at the time of failure. Students may be allowed to continue with the remaining components of their program until the end of the academic year.

The Director of the Office of Student Teaching has the authority to grant special permission for a student to repeat a Field Experience. This permission is granted for a student who experiences serious difficulties in a Field Experience but who has demonstrated some potential to successfully reach the required standard. In such cases the student will be granted a "D" grade and will be given the opportunity to register for the course during the next regularly scheduled session. This privilege will only be granted once in a student’s program. The Director also has the authority to terminate a placement and assign a failing grade. A student may appeal this decision by making a formal application.

Students who transfer from the B.Ed. Kindergarten/Elementary to the B.Ed. Secondary program, or vice-versa, will not be required to repeat the first-year professional seminar or Field Experience. Normally, all professional seminar and Field Experience courses will be taken in sequence. Exceptions must be approved by the Associate Dean (Teaching, Learning and Students).
Students with teaching experience acquired before entering the Bachelor of Education programs may, under certain circumstances, be granted exemption for the first-year professional seminar and Field Experience. Requests must be submitted with supporting documentation to the Director of the Office of Student Teaching upon admission to the program.

Students are expected to attend school regularly all day and to be on time every day of the Field Experience. If, for any reason, student teachers are unable to attend their school, they must immediately notify the Office of Student Teaching at (514) 398-7046 and the cooperating teacher in the school to which they are assigned. Student teachers will be required to make up for absences.

A conscious effort is made to place students within reasonable travelling distance, but this cannot be guaranteed. Therefore, each student must budget a sum of money to travel to and from each school each day of the Field Experience.

The Office of Student Teaching has sole responsibility for Student Teaching placements. Final decisions regarding field placements are the responsibility of the Director of Student Teaching.

Students should be aware that Field Experiences continue during the University-scheduled Study Break. Refer to the Calendar of Dates. In addition, attendance at scheduled University courses is required regardless of any school breaks during the Field Experience.

7.3.4 Grading and Examination

Method of Evaluation
Every instructor shall provide with every course outline a description of the means of evaluation to be used in the course. This includes:
- whether there will be a final examination in the course
- how term work will affect the final mark in the course
- how term work will be distributed through the term
- whether there will be a supplemental examination in the course, and if so, whether term work will be included in the supplemental grade.

Academic Integrity
The Code of Student Conduct and Disciplinary Procedures includes sections on plagiarism and cheating. The Code is included in the Student Rights and Responsibilities Handbook. Please refer to General Policies and Information, section 4.1.6 “Academic Integrity”, for further information.

Incomplete Grades
Instructors may grant an extension for the submission of required term work if they feel the student's request is reasonable. In such cases the student is responsible for submitting an application for an extension (forms are available from the Student Affairs Office), along with supporting documents for the instructor's approval before the end of the course. The instructor sets a deadline date for which the work is to be completed must be included. In such cases, the instructor will submit a grade of “K” (incomplete). The maximum extension for the submission of grades to the Student Affairs Office is as follows:
- Fall term courses - April 30
- Winter term courses - July 30
- Summer term courses - October 30

NB: Students’ deadlines for submitting their work must be sufficiently in advance of these dates to ensure that the work can be graded and the mark submitted on time. If marks to clear the K grades have not been submitted to the Student Affairs Office by the above dates, the K is automatically changed to a KF, which counts as an F in the GPA.

No additional extensions may be granted without the approval of the Associate Dean (Teaching, Learning and Students).

Evaluation of Student Teachers – Field Experience Courses
Students are responsible for familiarizing themselves with the objectives, evaluation criteria and forms for each level of Field Experience. Detailed information is included in the Student Teaching Handbook, available on the Website www.mcgill.ca/ost/handbooks.

A failure in any Field Experience places a student in an unsatisfactory standing, requiring withdrawal from the teacher education program. Students with a grade of D who wish to remain in the program will be required to repeat the Field Experience course during the next normally scheduled session. Students will only be permitted to repeat a Field Experience course once during their program.

Evaluation of Language Proficiency
See section 7.2.1.3 “English Language Requirement”.

Examinations
Formal final examinations are held during an examination period following the term in which the course is given (Fall and Winter terms only). The dates of the examination periods are listed in the Calendar of Dates. Students must not make travel arrangements to leave Montreal prior to the scheduled end of any examination period. Not all courses have final examinations; standing in these courses is determined on the basis of term work and class tests. Students should refer to the Examinations section of the Calendar, and the Web site www.mcgill.ca/student-records/exam for information about examinations.

Supplemental Examinations
Students may apply for permission to write a supplemental examination for certain courses that have formal examinations. The following conditions apply:
- students must be in satisfactory or probationary standing;
- students must have received a final grade of D, J, F, or U in the course;
- students must avail themselves of this privilege at the time of the next supplemental examination period;
- students must have submitted an application to write a supplemental examination before the first Friday in March for Fall courses, and before the second Friday in July for Winter courses and courses that span Fall/Winter.

Students should be aware of the following:
- special permission is required to write supplemental exams totalling more than 7 credits;
- only one supplemental examination is allowed in a course;
- the supplemental result may or may not include the same proportion of class work as did the original grade. Students should consult with the instructor;
- the supplemental result will not erase the grade originally obtained; both the original mark and the supplemental result will be calculated in the CGPA. Supplemental applications are available at the Student Affairs Office. A non-refundable fee for each supplemental paper is payable at the time of application. Students must confirm supplemental examination dates with the faculty offering the course.

Reassessment and Rereads
In accordance with the Charter of Student Rights, and subject to the conditions stated therein, students have the right to consult any written submission for which they have received a mark and the right to discuss this submission with the examiner. If, after such discussion, students want to have a formal final examination or major paper reread, they must apply in writing to the Student Affairs Office.

Application for rereads must be made by March 31 for courses ending in the Fall term and by September 30 for courses ending in the Winter term. Students are assessed a fee for formal rereads of a final examination or major paper, which will be refunded only if the reread results in an increased letter grade. Requests for rereads in more than one course per term will not be permitted. Grades may be raised, lowered or unchanged as the result of a reread.
Application for rereads in courses in the Faculty of Education are subject to the deadlines, rules and regulations of the relevant faculty. Any request to have term work re-evaluated must first be made directly to the instructor concerned.

### 7.3.5 Academic Standing

Academic standing is based primarily on students’ cumulative grade point average (CGPA), but may also be affected by their term grade point average (TGPA). Academic standing, which is assessed after the end of term, determines if students will be allowed to continue their studies in the next term and if any conditions will be attached to their registration. Information about academic standing appears on records that are internal to McGill for the information of students and others, such as academic advisers.

Decisions about academic standing in the Fall term are based only on grades that are available in January. Grades for courses in which students have deferred examinations and Fall-term grades for courses that span the Fall and Winter terms do not affect academic standing for the Fall term, even though they will ultimately affect students’ Fall TGPA. Therefore, academic standings for the Fall term are designated as “interim” and should be interpreted as advisory. Interim standing decisions are mentioned below only if the rules for them differ from those for regular standing decisions.

#### Satisfactory/Interim Satisfactory Standing

Students in satisfactory standing may continue in their program.

- New students are admitted to satisfactory standing.
- Students with a CGPA of 2.00 or greater and with a Pass grade in Field Experience courses are in satisfactory standing.

#### Probationary/Interim Probationary Standing

Students in probationary standing may continue in their program, but must carry a reduced load (maximum 14 credits per term) and raise their TGPA and CGPA to return to satisfactory standing (see above). They should see their departmental adviser to discuss their course selection. Students in probationary standing are not permitted to take any level student teaching/field experience course during that academic year.

Students in interim probationary standing may continue in their program, but should evaluate their course load and reduce it as appropriate. They are strongly advised to consult a departmental adviser, before the withdrawal deadlines, about their course selection for the Winter term. Students in interim probationary standing will be permitted to proceed with the next scheduled Field Experience course, i.e., Winter or Spring, for First- or Second-Year Field Experiences only.

- Students who were previously in satisfactory standing will be placed in probationary standing if their CGPA falls between 1.50 and 1.99.
- Students who were previously in probationary standing will remain in probationary standing if their CGPA falls between 1.50 and 1.99 and their TGPA is 2.50 or higher, although the TGPA requirement will not apply to the Summer term.
- Students who were previously in interim unsatisfactory standing will be placed in probationary standing if their CGPA falls between 1.50 and 1.99 and their TGPA is 2.50 or higher.
- Students who were previously in unsatisfactory standing and who were readmitted to the Faculty by the Associate Dean or the Committee on Student Standing will be placed in probationary standing if their CGPA is less than 2.00, but if they satisfy relevant conditions specified in their letter of readmission.
- Students who receive a grade of D for any level Field Experience course will be placed in probationary standing.

#### Readmitted Unsatisfactory Standing

Students who were previously in unsatisfactory standing and who were readmitted to the Faculty by the Associate Dean or the Committee on Student Standing will have their standing changed to readmitted unsatisfactory standing. Their course load is specified in their letter of readmission, as are the conditions they must meet to be allowed to continue in their program. They should see their departmental adviser to discuss their course selection.

#### Unsatisfactory/Interim Unsatisfactory Standing

Students in interim unsatisfactory standing may continue in their program, but should evaluate their course load and reduce it as appropriate. They are strongly advised to consult a departmental adviser, before the withdrawal deadlines, about their course selection for the Winter term. Students in interim unsatisfactory standing will not be permitted to proceed with the next normally scheduled Field Experience.

Students in unsatisfactory standing have failed to meet the minimum standards set by the Faculty, so they may not continue in their program.

 Normally, supplemental examinations are not permitted; however, students in unsatisfactory standing may appeal to the Associate Dean for permission to write a supplemental examination, clearly stating the reasons for special consideration and providing proof as appropriate.

- Students will be placed in unsatisfactory standing (Winter or Summer term) or interim unsatisfactory standing (Fall term) if their CGPA falls or remains below 1.50.
- Students who were previously in probationary, unsatisfactory readmitted, or interim unsatisfactory standing will be placed in unsatisfactory standing if their TGPA falls below 2.50 and their CGPA is below 2.00.
- Students who were previously in unsatisfactory standing and who were readmitted to the Faculty by the Associate Dean or the Committee on Student Standing and who have not at least satisfied the conditions to attain probationary standing that were specified in the letter of readmission will be placed in unsatisfactory standing.
- Students who receive a failure (F, J, KF, WF) in any level of student teaching/Field Experience course are automatically placed in unsatisfactory standing and must withdraw from the program.
- Students in Teacher Education Programs who receive a failure in the English Language Requirement Test for the second time are automatically placed in unsatisfactory standing and are required to withdraw from the program.

Students in either the Concurrent B.Sc./B.Ed. or B.Mus./B.Ed. program who receive an F or J in any Education Field Experience course, or fail the English Language Proficiency Test for the second time, are placed in unsatisfactory standing. Although they may complete their term, they are required to withdraw from the Concurrent program. They may, however, contact the Faculties of Science or Music regarding application to their general degrees.

Appeals for readmission by students in unsatisfactory standing should be addressed to the Associate Dean no later than May 1 for readmission to the Fall term. Readmission will be considered only when proof of extenuating circumstances that affected academic performance can be provided (e.g., medical or other documentation). Students in unsatisfactory standing for the second time must withdraw permanently. Students who were placed in unsatisfactory standing due to a failure in student teaching/Field Experience cannot apply for readmission for at least one full year. Please see section 7.2.1.11 "Readmission".

#### Incomplete Standings

Standing awaits deferred or supplemental exams.

Must clear K’s, L’s or Supplementation.

Standing incomplete.

Students with incomplete standings in the Winter or Summer term may register for the Fall term, but their standing must be resolved by the end of the course change period for that term; students whose incomplete standing changes to satisfactory, probationary, or interim unsatisfactory standing may continue in the program. Students whose standing changes to unsatisfactory may not continue in their program.
Students whose standing changes to unsatisfactory and who wish to ask for permission to continue in their program must make a request to the Associate Dean of Student Affairs as soon as they are placed in unsatisfactory standing. Readmission will be considered only when proof of extenuating circumstances that affected academic performance can be provided (e.g., medical or other documentation). (Please see section 7.2.1.11 “Readmission.”)

Students whose standing is still incomplete by the end of course change period should immediately consult with the Student Affairs Office.

### 7.3.6 Graduation Requirements

To be eligible for a B.Ed. or the B.Sc. (Kinesiology) degree, students must fulfill all Faculty and program requirements. This includes completing the minimum credit requirements for the degree as stipulated in the letter of acceptance; obtaining a grade of C or better in all courses except electives; and achieving a minimum cumulative grade point average (CGPA) of 2.00. Students must satisfactorily complete a minimum of 60 credits at McGill University during the last term prior to graduation. In addition, students must complete specific components of their program at McGill.

Students enrolled in Kinesiology and Physical Education programs are required, before graduation, to show proof of certification in Standard Level Safety Oriented First Aid, and Level C in Cardiopulmonary Resuscitation, or equivalents.

Students must complete the degree requirements within five (5) years of admission to a program of 90 credits or more, and within four (4) years of admission to a program of 60 credits. Students in the part-time B.Ed. for Certified Teachers and B.Ed. (Vocational) programs are allowed a maximum of 12 years to complete the requirements.

It is the student’s responsibility to ensure that all Faculty requirements are met before graduation.

Early in their graduating year all students should check with their adviser to make sure that they will meet all program requirements in time for graduation. It is essential that students in their final year indicate the expected date of graduation on Minerva and verify this date on Minerva and on the verification forms. When a final-year student changes the expected date of graduation, the student must notify the Student Affairs Office immediately. It is also the student’s responsibility to complete the required waiver forms for teacher certification, and to check that his/her name appears on the graduation list. Further information, contact the Student Affairs Office at (514) 398-7042.

Students are not permitted to take courses outside McGill University during the last term prior to graduation. Students who fail to graduate as expected and who do not re-register must apply to the Associate Dean (Teaching, Learning and Students) to graduate. Application to graduate must be made sufficiently in advance of the expected graduation date to allow the Faculty to verify the student’s record.

Information pertaining to the convocation ceremonies can be obtained on the McGill Website www.mcgill.ca/secretariat/convocations.

### 7.3.7 Undergraduate Program Awards

#### Dean’s Honour List Designation for Graduating Students

The designation Dean’s Honour List may be awarded to graduating students under the following conditions:

- students must be among the top 10% of the Faculty’s students;
- students must have completed at least 27 graded credits during the academic year;
- the designation is based on the sessional GPA.

#### Scholarship and Awards

Various scholarships and awards are open to both graduating and in-course students. Full details may be found in the Undergraduate Scholarships and Awards Calendar available on the Web at www.coursecalendar.mcgill.ca.

The Department of Integrated Studies in Education, created September 2001, incorporates the programs and staff previously associated with the Departments of Culture and Values in Education, Educational Studies, and Second Language Education.

The Department offers four-year programs for CEGEP graduates and five-year programs for out-of-province students leading to a B.Ed. degree. For B.Ed. program overviews, see www.mcgill.ca/edu-sao.

The following programs are:

**Bachelor of Education: Secondary Program (120 credits)**

The aim of the B.Ed. Secondary is to prepare strong beginning teachers for the secondary school level. This integrated 120-credit program (150 credits for out-of-province students) consists of academic studies to provide background depth in subjects taught in the secondary school, professional studies centred on school-based practicum, supported by studies in pedagogy, curriculum and educational foundations. Students choose their teaching profiles from: English, Mathematics, Science and Technology, Social Sciences (History and Citizenship, and one of: Geography, Catholic Education, Protestant Education, or Moral Education).

The following programs are offered:

### 7.5.1.2 Concurrent Bachelor of Education in Music and Bachelor of Music (Music Education) Program

The Bachelor of Education in Music is an integrated four-year 120/121-credit program of initial teacher training that leads to certification as a teacher in the Province of Quebec. When offered concurrently with the Bachelor of Music (Major in Music Education), the program offers students the opportunity to obtain a Bachelor of Education degree and a Bachelor of Music degree after the completion of 143/144 credits, normally five years (173/174 credits or six years for out-of-province students). The concurrent program combines academic studies in music, professional studies and field experience. The two degrees are awarded during the same convocation period.

Students who opt for the Bachelor of Education in Music have the option of doing so after the successful completion of the first two years of the concurrent program and MUIN 321 Music have the option of doing so after the successful completion of 143/144 credits, normally five years (173/174 credits or six years for, out-of-province students). The concurrent program combines academic studies in music, professional studies and field experience. The two degrees are awarded during the same convocation period.

Applicants to the music specialist teacher training program should apply to the Concurrent Bachelor of Education in Music/Bachelor of Music (Music Education) program. Students who have partially completed a Bachelor of Music program are eligible to apply for advanced standing in the Concurrent program.

Application to the Concurrent B.Ed./B.Mus. program may be made on-line at www.mcgill.ca/applying. Information is available on that site or may be obtained from:

- Admissions Office
- McGill University
- Faculty of Music
  - 555 Sherbrooke Street West
  - Montreal, QC H3A 1E3
  - Telephone: (514) 398-4546

Those who have completed a Bachelor of Music degree may apply for advanced standing in the Bachelor of Education in Music program. Application to the Bachelor of Education in Music program may be made on-line at www.mcgill.ca/applying. Information is available on that site or may be obtained from:

- Admissions, Recruitment and Registrar’s Office
- McGill University
  - 845 Sherbrooke Street West
  - Montreal, QC H3A 2T5
  - Telephone: (514) 398-3910
  - Fax: (514) 398-4193

Program details are available from:
- Professor Joan Russell, Program Director
- Department of Integrated Studies in Education
- Telephone: (514) 398-2447

The components of the 143/144-credit Concurrent Bachelor of Education in Music/Bachelor of Music (Music Education) are as follows:

- 53/54 professional credits,
- 78 music credits,
- 12 elective credits.

Students who wish to complete only the Bachelor of Education in Music have the option of doing so after the successful completion of the first two years of the concurrent program and MUIN 321 Concentration exam or equivalent. Students who decide to complete only a Bachelor of Music may transfer at any time into the Bachelor of Music, Faculty Program.

Students who opt for the Bachelor of Education in Music would be required to complete 61 music credits, 6 elective credits, and 53/54 professional credits from the program given below, with the following notes:

1. These credits are required for the Bachelor of Music only.
2. These credits are required for the Bachelor of Music, complementary for the Bachelor of Education in Music.

For prerequisite requirements for the Concurrent Bachelor of Education in Music/Bachelor of Music (Music Education) Program see section 7.1 of the Faculty of Music announcement in this calendar.

[A minor program revision is under consideration for September 2005. Go to www.mcgill.ca (Course Calendars) in July for details.]

**7.5.1.3  Concurrent Bachelor of Science (Major or Major Concentration with a Minor for Teachers) and Bachelor of Education Secondary Program**

**Coordinator, Faculty of Education — Professor Marc Schwartz**  
**Coordinator, Faculty of Science — Professor Richard Harris**

This program has been designed to provide students with the opportunity to attain a Bachelor of Science degree and a Bachelor of Education degree after 135 credits of study (165 credits for students who have not completed the basic sciences, see Note below).

To be admitted to the Concurrent program, students must satisfy the regular admission requirements of the Faculties of Science and Education. Normally, students will be admitted to both components of the Concurrent program simultaneously, however, it is possible for students in a B.Sc. or B.Ed. program to transfer into the Concurrent program at any time. Students in the Concurrent program may change to either a B.Sc. or a B.Ed., but may not subsequently switch back to the Concurrent program.

**Note:** Science students are normally admitted to a four-year program requiring the completion of 120 credits, but advanced standing of up to 30 credits may be granted to students who obtain satisfactory results in International Baccalaureate, French Baccalaureate, Advanced Levels, Advanced Placement tests, or the Diploma of Collegial Studies (DCS). Quebec students with a DCS in Science are granted 30 credits advanced standing and will have normally completed the equivalent of, and are therefore exempt from, the basic science courses in biology, chemistry, mathematics, and physics. Students with satisfactory results in International Baccalaureate, French Baccalaureate and Advanced Levels, and Advanced Placement tests may be exempt from some or all of the basic science courses.

Students in the Concurrent B.Sc./B.Ed. who receive an F or J in any Field Experience course are placed in unsatisfactory standing. Although they may complete their term, they are required to withdraw from the Concurrent program. However, they may apply to transfer to the conventional B.Sc. program as outlined in Faculty of Science, "Science for Teachers", see section12.12.29.

The two terms are awarded during the same convocation period.

The two components of the Concurrent program are the B.Ed. Secondary program and one of the B.Sc. programs described in the Faculty of Science, "Science for Teachers", see section12.12.29:

- biology, with chemistry
- biology, with physics
- chemistry, with biology
- chemistry, with physics
- physics, with biology
- physics, with chemistry
- mathematics

The requirements for the B.Ed. component are as described in the "Bachelor of Education Secondary Program", see section7.5.1.1 with the following exceptions:

A. Students in the Concurrent B.Sc./B.Ed. program must choose their 54 academic credits from the lists of required and complementary courses in their respective B.Sc. Major or Major Concentration with a Minor.

B. Students in the Concurrent B.Sc./B.Ed. program must take EDEC262 Media, Technology and Education.

**7.5.1.4  Bachelor of Education Kindergarten and Elementary Program**

The four-year program begins with the foundation courses in the first term and has a higher concentration of academic courses in the first two years. The professional courses and practicum have a heavier weight in the final two years. The practicum consists of school-based experiences and a series of professional seminars that provide an opportunity for students to reflect on that experience in a systematic way and with the guidance of a tutor.

**ACADEMIC COMPONENT**

This component provides background in the subject areas of the elementary school curriculum. During their four years of study, students will take:

### Baccalauréat en enseignement du français langue seconde

This program is offered jointly by the Université de Montréal and McGill University. Students will be admitted into, and registered at, one of the two as their "home" university. Courses will be offered at the Université de Montréal during the Fall term and at McGill during the Winter term.

Students admitted to this program are required to take a diagnostic test in mathematics administered by the Université de Montréal. A student who fails this test will be required to pass a remedial course in mathematics in addition to the regular program.

The Baccalauréat en enseignement du français langue seconde (B.Ed. in Teaching French as a Second Language) is a four-year program. It prepares specialist teachers to teach French as a second language, in Core French programs, immersion programs, intensive programs and classes d'accueil, at both the elementary and the secondary levels.

This integrated 120-credit program (150 credits for out-of-province students) includes studies in language and language learning from linguistic, literary, cultural and psychological perspectives accompanied by Field Experiences. The academic components aim to increase students' general competence, mostly in literature, linguistics. In addition, complementary courses combine academic content with methodology. The professional components allow students to learn how to teach subjects taught at the elementary or secondary levels, how to teach the different programs offered in FSL and how to intervene with the various clientele. They revolve around school-based Field Experiences which are supported by studies in pedagogy and educational foundations.

**7.5.1.8 Bachelor of Education in Teaching English as a Second Language**

The B.Ed. in Teaching English as a Second Language (TESL) program prepares specialists to teach English as a second language (ESL) at both the elementary school and secondary school levels. This integrated 120/121-credit program (150/151 credits for out-of-province students) includes studies in language and language learning from linguistic, literary, social, cultural, and psychological perspectives, accompanied by field experiences. The academic components aim to increase students' academic knowledge, with emphasis on language, linguistics and literature. Complementary courses address both academic and professional concerns. The professional components revolve around school-based Field Experiences which are supported by studies in pedagogy and educational foundations. These prepare students to teach ESL at both the elementary school level (including regular and intensive ESL) and the secondary school level (including regular ESL and ESLA - English Second Language Arts), and provide a base for adult and other ESL teaching.

7.5.2 Programs for First Nations and Inuit

The following programs are offered in First Nations and Inuit communities for First Nations and Inuit teachers through the:

Faculty of Education
Office of First Nations and Inuit Education (OFNIE)
3700 McDavish Street, Room 614
Montreal, Quebec H3A 1Y2
Telephone: (514) 398-4533 Fax: (514) 398-2553
Website: www.education.mcgill.ca/ofnie

7.5.2.1 Certificate in Education for First Nations and Inuit

This 60-credit program provides an opportunity for Algonquin, Cree, Inuit, Mi'kmaq and Kaniienkehaka (Mohawk) people to become qualified as teachers. It is offered on a part-time basis in Indigenous communities throughout Quebec in collaboration with the Cree School Board, the Kativik School Board, and various Mi'kmaq, Mohawk and Algonquin education authorities. A full-time and part-time program is also available to Inuit in Nunavut, in collaboration with the Nunavut Teacher Education Program of Nunavut Arctic College, Iqaluit, NU.

Quebec graduates of this program receive Ministry (MEQ) certification to teach at the elementary level in First Nations and Inuit schools.

Admission to the Certificate in Education for First Nations and Inuit

An applicant will normally be employed as a teacher or as a classroom assistant, have a valid teaching authorization from the appropriate teaching authority or a community education committee, be recommended by the school principal and an officer of the education authority, be recommended by a local community education committee, and be at least 21 years of age. Younger applicants will be considered for admission if they hold a Grade 12 High School Diploma or a Diploma of Collegial Studies. The right of final decision for acceptance of candidates rests with McGill.

Those intending to complete the programs offered in cooperation with the Kativik School Board or the Nunavut Teacher Education Program must be fluent and literate in Inuktitut/Inuinnaqtun. Fluency in Algonquin, Cree, Mi'kmaq or Mohawk is not a condition for acceptance for applicants from these communities, but is considered an asset. Courses are available in all four of these languages for those teaching in immersion classes and other teaching situations where a knowledge of the First Languages is essential.

Time Limit

The time limit for completion of the 60-credit Certificate in First Nations and Inuit Education is 12 years. The University reserves the right to request that a student retake a course or courses after a 10-year period if it is felt that too long a break has occurred in the ongoing nature of the training.

PROGRAM PROFILE – CERTIFICATE IN EDUCATION FOR FIRST NATIONS AND INUIT (60 credits)

On completion of the Certificate requirements, trainees may apply for admission to the B.Ed. for Certified Teachers program with up to 30 credits advanced standing. Certain non-credit academic upgrading courses may be required of B.Ed. applicants.

### 7.5.2.2 Certificate in Aboriginal Literacy Education

This 30-credit program is designed for Algonquin, Cree, Inuit, Mi'kmaq and Kaniienkehaka (Mohawk) students who wish to gain a deeper understanding of their indigenous language, especially in its written form. It is aimed mainly at those who will be teaching their indigenous language and is only available through partnerships with the communities concerned.

#### Admission to the Program in Aboriginal Literacy Education

Students admitted to this program will be recommended by their communities (as is presently the case with the Certificate in Education for First Nations and Inuit). If the program is used for professional development, students will be Indigenous teachers employed in local schools. As with the Certificate in Education for First Nations and Inuit, they must be mature students, or hold a SecondaryV diploma or equivalent.

This certificate may be taken concurrently and completed within the B.Ed. for Certified Teachers if the required B.Ed. profile is fulfilled. See section 7.5.2.5 “Bachelor of Education for Certified Teachers (Elementary Education)”.

**Additional Information:**
- For trainees specializing in Physical Education take 6 one-credit skill courses from the Physical Education Complementary course list. These courses replace the 6 credits of electives.
7.5.2.3 **Certificate in Middle School Education in Aboriginal Communities**

This 30-credit program focuses on developing the particular skills and abilities required of the Indigenous teacher in the middle school of his/her community. It does not lead to provincial certification. Rather, it prepares Indigenous teachers who are bilingual or have some knowledge of their indigenous language and who have already established themselves as teachers to teach students at this level in ways that are developmentally and culturally appropriate. The program focuses on the particular psychological, emotional and social needs of Aboriginal adolescents and the teacher's role in facilitating the transition between elementary and high school.

**Admission to the Certificate in Middle School Education in Aboriginal Communities**

Applicants will normally have completed or be completing their B.Ed. for Certified Teachers. It is strongly recommended that they have some competence in their indigenous language as indicated by the successful completion of at least two language courses. For those applying with degrees from other universities, additional courses may be required to match the McGill B.Ed. for Certified Teachers profile. As the program and courses will be delivered in the partnership communities, applicants must be recommended by their school boards or teaching authorities.

**TOTAL CREDITS 30**

This certificate may be taken concurrently and completed within the "Bachelor of Education for Certified Teachers (Elementary Education)"; see section 7.5.2.5, if the required B.Ed. profile is fulfilled.

**7.5.2.4 Certificate in First Nations and Inuit Educational Leadership**

This 30-credit program is designed for First Nations and Inuit organizations to develop their role as leaders within the educational community. The program will focus on developing the core competencies of educational leaders, e.g., decision making and problem solving; fostering a self-reflective leader able to partner with parents to create community outreach; cultivating awareness of the holistic learning and developmental cycles of a child and the role of the educational leader in enhancing that development: maintaining the continuity of community and cultural values and aspirations within the structure of the administration of the school and other educational milieu; and understanding and supporting the pedagogical objectives and the administrative framework of the educational system.

**Admission to the Certificate in First Nations and Inuit Educational Leadership**

Students admitted to this program will be recommended by their communities (as is presently the case with the Certificate in Education for First Nations and Inuit). As with the Certificate in Education for First Nations and Inuit, they must be mature students (21 years of age), or hold a Secondary V diploma or equivalent. Students must speak, read, and write fluently the language of instruction as agreed upon between the Office and the client. School Board or Education Centre. For Nunavik applicants, students must have experience in a Nunavik educational or community organization. The right of final decision for acceptance of candidates rests with McGill.

This program does not lead to further certification.

**7.5.2.6 Certificate in Aboriginal Education for Certified Teachers**

This 30-credit professional development program provides training to assist mainstream teachers in becoming more effective teachers in First Nations and Inuit communities. It is designed to address subjects of particular interest and need in First Nations and Inuit schools, such as cultural socialization, cooperative learning, second language teaching, and curriculum development.

**Admission to the Certificate in Aboriginal Education for Certified Teachers**

Applicants must provide the following:

- a Diploma of Collegial Studies (DEC) or its equivalent;
- evidence of having completed teacher training at an approved institution;
- a letter of recommendation from a competent authority.

All courses (except EDEE441) are normally given off-campus and are normally limited to students enrolled in off-campus programs delivered through the Office of First Nations and Inuit Education.

Ph.D.(Université de Bourgogne)
Tanja Taivassalo; B.Sc., Ph.D. (McG)

Adjunct Professors
Bernard Aguilanii; M.D., Ph.D.(Grenoble)
Robert Bousheh; B.A. (P.E.) (Acadia), M.A. (S. Florida),
D.Sc.(Boston)
Karen Johnston; B.Sc., M.D., Ph.D. (Tor.)

The Department of Kinesiology and Physical Education offers one program leading to a B.Ed. degree, one program leading to a B.Sc. degree and a Minor in “Kinesiology for Science Students”, see section 12.12.15.

The Department also offers programs at the graduate level leading to an M.A. and M.Sc., and possibilities for doctoral studies. For further information, see the 2005-06 Graduate and Postdoctoral Studies Calendar.

7.6.1 Bachelor of Education Programs

7.6.1.1 Bachelor of Education Physical and Health Education

This four-year, 120-credit (150 credits for out-of-province students) specialist program prepares students to teach physical and health education at the elementary and secondary levels. This program interweaves academic studies, professional coursework, and teaching practices in mutually beneficial ways throughout the four years.

Graduation Requirement
All students in Physical Education programs are required, before graduation, to show proof of certification in Standard Level Safety Oriented First Aid, and Level C in Cardiopulmonary Resuscitation, or equivalencies.

PROGRAM PROFILE – B.ED. PHYSICAL AND HEALTH EDUCATION (120 credits)

ACADEMIC COMPONENTS 36

Required Courses
EDKP204 Health Education 3
EDKP208 Applied Biomechanics 3
EDKP261 Motor Development 3
EDKP292 Nutrition and Wellness 3
EDKP293 Anatomy and Physiology 3
EDKP307 Evaluation in Physical Education 3
EDKP330 Physical Activity and Health 3
EDKP391 Physiology in Sport and Exercise 3
EDKP393 Skill Learning and Expertise 3
EDKP394 Historical Perspectives 3
EDKP396 Adapted Physical Activity 3
EDKP498 Sport Psychology 3

PROFESSIONAL COMPONENTS 66

PHYSICAL ACTIVITY COURSES 19

Required Courses
EDKP213 Aquatics 1 1
EDKP214 Basketball 1 1
EDKP217 Track and Field/Cross Country 2
EDKP218 Volleyball 1 1
EDKP223 Basic Games 2
EDKP233 Soccer 1
EDKP252 Racquet Sports 2
EDKP253 Gymnastics 2
EDKP254 Principles of Dance 2

Complementary Courses 5

five physical activity credits offered by the Department of Kinesiology and Physical Education

FIELD EXPERIENCES 20

Required Courses
EDFE246 First Year Field Experience (Elem.) 3
EDFE373 Second Year Field Experience Physical Education (Sec) 3
EDFE380 3rd Year Field Experience Physical Education 7
EDFE480 4th Year Field Experience Physical Education 7

FOUNDATION COURSES 12

Required Courses
EDEC215 English Language Requirement 0
EDEC247 Policy Issues in Quebec Education 3
EDEC260 Philosophical Foundations 3
EDPE208 Personality and Social Development 3
EDPE300 Educational Psychology 3

PEDAGOGY COURSES 9

Required Courses
EDKP342 Physical Education Methods 3
EDKP442 Physical Education Pedagogy 3
EDKP498 Physical Education Curriculum 3

TOTAL CREDITS 30

Registration in EDEM202, EDKP204 or any other courses offered by departments other than Educational and Counselling Psychology; or in other programs of this Department is dependent on availability (e.g., through a concurrently offered program) or through an arrangement made with that department or program. The Program Coordinator will attempt to make these contacts whenever required.
### Complementary Courses
- **A 3-credit course in Multicultural Education from the following list:**
  - EDCE233 First Nations and Inuit Education
  - EDCE248 Multicultural Education
- **A 3-credit course in Media, Technology, Computers and Education from the following list:**
  - EDEC262 Media, Technology and Education
  - EDPE310 Educational Computer Applications
  - EDPT200 Applications Software
  - EDPT204 Educational Media 1

For students with a background in computers or other media applications in education, the following courses may be substituted for the above:
- EDPT341 Instructional Programming 1
- EDPT420 Media Literacy for Education

### Elective Courses
- 18 credits chosen from any of the University’s offerings to contribute to the student’s academic proficiency and professional preparation.

### 7.6.2 Bachelor of Science (Kinesiology)

The focus of the 90-credit (120 credits for out-of-province students) Bachelor of Science (Kinesiology) is a comprehensive understanding of human movement. Kinesiology is a multidisciplinary field viewing human movement from social, historical, psychological, or biological perspectives. The program provides students with a breadth of theoretical knowledge as well as an opportunity to explore related areas in greater depth, including Minor programs available elsewhere within the University.

Students may opt for either General or Applied emphasis, with an Honours program available for particularly strong students. Students must attain a CGPA of 3.3 after two years in Kinesiology to qualify for the Honours Program, and must retain this CGPA until graduation.

Students admitted into 120-credit B.Sc.(Kinesiology) must register in and successfully complete the Science Freshman Program, which is designed to provide the basic science foundation for the subsequent three-year Major program. The Science requirements are as follows: two terms each of calculus, general physics, biology, and general chemistry, and one term of organic chemistry. For a more detailed description of the Science Freshman Program, students should consult the B.Sc.(Kinesiology) Freshmen Student information available on the Department Website, [www.education.mcgill.ca/phys_ed/Undergrad.htm](http://www.education.mcgill.ca/phys_ed/Undergrad.htm).

Students in the B.Sc. (Kinesiology) Major are encouraged to select a Minor program in a given discipline or interdisciplinary area. A maximum of 6 credits of overlap is allowed between the Minor and the primary program. Science Minors consist of up to 24 credits, Arts Minor Concentrations consist of 18 credits. A minimum of 18 new credits must be completed in the Minor or Minor Concentration. For a list of approved Minors and Minor Concentrations, please refer to the Faculty of Science, "Minor Program", see section 12.11.6, and "Faculty of Arts Major and Minor Concentration Programs Available to Science Students", see section 12.11.10.

### Graduation Requirement

Students are required, before graduation, to show proof of certification in Standard Level Safety Oriented First Aid, and Level C in Cardiopulmonary Resuscitation, or equivalencies.

### B.Sc. (KINESIOLOGY) – MAJOR IN APPLIED KINESIOLOGY (90 credits)

#### Required Courses (36 credits)
- **EDKP206** (3) Biomechanics of Human Movement
- **EDKP261** (3) Motor Development
- **EDKP292** (3) Nutrition and Wellness
- **EDKP330** (3) Physical Activity and Health
- **EDKP393** (3) Skill Learning and Expertise
- **EDKP394** (3) Historical Perspectives
- **EDKP395** (3) Exercise Physiology
- **EDKP396** (3) Adapted Physical Activity
- **EDKP443** (3) Research Methods
- **EDKP485** (3) Exercise Pathophysiology 1
- **EDKP498** (3) Sport Psychology

### Complementary Courses (33 credits)
- **ANAT214** (3) Systemic Human Anatomy or equivalent
- **ANAT315** (4) Anatomy/Limbs and Back
- **EDKP205** (3) Structural Anatomy

6 credits, one of the following course sets:
- **PHGY201** (3) Human Physiology: Control Systems
- **PHGY202** (3) Human Physiology: Body Functions
- **PHGY209** (3) Mammalian Physiology 1
- **PHGY210** (3) Mammalian Physiology 2

3 credits, one of the following courses:
- **BIOL373** (3) Biometry
- **MATH203** (3) Principles of Statistics 1
- **MGCR271** (3) Statistics 1
- **PSYC204** (3) Introduction to Psychological Statistics
- **SOCI350** (3) Statistics in Social Research

18 credits chosen from the following courses:
- **EDKP200** (1) Weight Training
- **EDKP201** (3) Physical Activity Leadership
- **EDKP249** (1) Physical Activity Appraisal
- **EDKP250** (3) Practicum 1
- **EDKP252** (2) Racquet Sports
- **EDKP254** (2) Principles of Dance
- **EDKP311** (3) Athletic Injuries
- **EDKP350** (3) Practicum 2
- **EDKP450** (3) Practicum 3
- **EDKP451** (3) Personal Trainer Practicum
- **EDKP452** (3) Fitness & Lifestyle Consulting
- **EDKP553** (3) Physiological Assessment: Sport

### Elective Courses (21 credits)

Students are encouraged to obtain all, or part, of their remaining program credits by completing one of the Minor/Minor Concentrations (18 - 24 credits) available in the Faculties of Arts and of Science.

### B.SC. (KINESIOLOGY) – MAJOR IN GENERAL KINESIOLOGY (90 credits)

#### Required Courses (36 credits)
- **EDKP206** (3) Biomechanics of Human Movement
- **EDKP261** (3) Motor Development
- **EDKP292** (3) Nutrition and Wellness
- **EDKP330** (3) Physical Activity and Health
- **EDKP393** (3) Skill Learning and Expertise
- **EDKP394** (3) Historical Perspectives
- **EDKP395** (3) Exercise Physiology
- **EDKP396** (3) Adapted Physical Activity
- **EDKP443** (3) Research Methods
- **EDKP485** (3) Exercise Pathophysiology 1
- **EDKP495** (3) Scientific Principles of Training
- **EDKP498** (3) Sport Psychology

#### Complementary Courses (24 credits)
- **ANAT214** (3) Systemic Human Anatomy or equivalent
- **ANAT315** (4) Anatomy/Limbs and Back
- **EDKP205** (3) Structural Anatomy

3 credits, one of the following courses:
6 credits, one of the following course sets:
- PHGY 201 (3) Human Physiology: Control Systems
  and PHGY202 (3) Human Physiology: Body Functions
or PHGY 209 (3) Mammalian Physiology 1
  and PHGY210 (3) Mammalian Physiology 2

3 credits, one of the following courses:
- BIOL373 (3) Biometry
- MATH203 (3) Principles of Statistics 1
- MGCR271 (3) Statistics 1
- PSYC204 (3) Introduction to Psychological Statistics
- SOCI350 (3) Statistics in Social Research

9 credits chosen from the following courses:
- EDKP300 (1) Weight Training
- EDKP201 (3) Physical Activity Leadership
- EDKP244 (1) Dance and Fitness
- EDKP249 (1) Physical Activity Appraisal
- EDKP250 (3) Practicum 1
- EDKP303 (3) Advanced Biomechanics
- EDKP311 (3) Athletic Injuries
- EDKP335 (3) Practicum 2
- EDKP444 (3) Ergonomics
- EDKP445 (3) Exercise Metabolism
- EDKP446 (3) Physical Activity and Ageing
- EDKP447 (3) Motor Development 2
- EDKP448 (3) Exercise and Health Psychology
- EDKP449 (3) Exercise Pathophysiology 2
- EDKP450 (3) Practicum 3
- EDKP451 (3) Personal Trainer Practicum
- EDKP452 (3) Fitness & Lifestyle Consulting
- EDKP505 (3) Sport in Society
- EDKP553 (3) Physiological Assessment: Sport
- EDKP566 (3) Biomechanical Assessment
- EDKP568 (3) Biomechanics Instrumentation

Elective Courses (30 credits)
Students are encouraged to obtain some of their remaining program credits by completing one of the Minor/Minor Concentrations (18 - 24 credits) available in the Faculties of Arts and of Science.

B.SC. (KINESIOLOGY) – HONOURS IN KINESIOLOGY
(90 credits)
Students must obtain a CGPA of 3.3 after two years in Kinesiology to qualify for the Honours Program, and must retain this CGPA until graduation.

Required Courses (39 credits)
- EDKP206 (3) Biomechanics of Human Movement
- EDKP261 (3) Motor Development
- EDKP292 (3) Nutrition and Wellness
- EDKP330 (3) Physical Activity and Health
- EDKP393 (3) Skill Learning and Expertise
- EDKP395 (3) Historical Perspectives
- EDKP396 (3) Adapted Physical Activity
- EDKP443 (3) Research Methods
- EDKP453 (3) Research Practicum in Kinesiology
- EDKP475 (3) Exercise Pathophysiology 1
- EDKP495 (3) Scientific Principles of Training
- EDKP498 (3) Sport Psychology

Complementary Courses (27 credits)
- ANAT214 (3) Systemic Human Anatomy
  or equivalent

3 credits, one of the following courses:
- ANAT315 (4) Anatomy/Limbs and Back
- EDKP205 (3) Structural Anatomy

6 credits, one of the following course sets:
- PHGY 201 (3) Human Physiology: Control Systems
  and PHGY202 (3) Human Physiology: Body Functions
  or PHGY 209 (3) Mammalian Physiology 1
  and PHGY210 (3) Mammalian Physiology 2

3 credits, one of the following courses:
- BIOL373 (3) Biometry
- MATH203 (3) Principles of Statistics 1
- MGCR271 (3) Statistics 1
- PSYC204 (3) Introduction to Psychological Statistics
- SOCI350 (3) Statistics in Social Research

12 credits chosen from the following courses:
- EDKP300 (1) Weight Training
- EDKP201 (3) Physical Activity Leadership
- EDKP244 (1) Dance and Fitness
- EDKP249 (1) Physical Activity Appraisal
- EDKP250 (3) Practicum 1
- EDKP303 (3) Advanced Biomechanics
- EDKP311 (3) Athletic Injuries
- EDKP335 (3) Practicum 2
- EDKP444 (3) Ergonomics
- EDKP445 (3) Exercise Metabolism
- EDKP446 (3) Physical Activity and Ageing
- EDKP447 (3) Motor Development 2
- EDKP448 (3) Exercise and Health Psychology
- EDKP449 (3) Exercise Pathophysiology 2
- EDKP505 (3) Sport in Society
- EDKP553 (3) Physiological Assessment: Sport
- EDKP566 (3) Biomechanical Assessment
- EDKP568 (3) Biomechanics Instrumentation

Elective Courses (24 credits)
Students are encouraged to obtain all, or some, of their remaining program credits by completing one of the Minor/Minor Concentrations (18 - 24 credits) available in the Faculties of Arts and of Science.

The Graduate School of Library and Information Studies focuses upon the knowledge and skills necessary to identify, acquire, organize, retrieve and disseminate information so as to meet people’s varied information needs.

The Graduate School of Library and Information Studies offers four programs at the graduate level. Its 48-credit Master of Library and Information Studies (MLIS), accredited by the American Library Association, prepares professionals to manage information resources and services in libraries and the wider information industries. Its 30-credit Graduate Diploma in Library and Information Studies and 15-credit Graduate Certificate in Library and Information Studies are designed to provide a formal environment in which information professionals can update, specialize, and redirect their careers for advanced responsibilities. Its Ph.D. Ad Hoc Program provides an opportunity to undertake research at the doctoral level in library and information studies within an interdisciplinary context.

For further information concerning programs, requirements, and courses, consult the Graduate School of Library and Information Studies section of the 2005-06 Graduate and Postdoctoral Studies Calendar or the Website.
