Faculty Degree Requirements

Each student in the Faculty of Arts must be aware of the Faculty regulations as stated in this Calendar. While departmental and Faculty advisers and staff are always available to give advice and guidance, the ultimate responsibility for completeness and correctness of course selection and registration, for compliance with, and completion of, program and degree requirements, and for the observance of regulations and deadlines rests with the student. It is the student's responsibility to seek guidance if in any doubt; misunderstanding or misapprehension will not be accepted as cause for dispensation from any regulation, deadline, program or degree requirement.

To be eligible for a B.A. degree, students must fulfill all Faculty and program requirements as indicated below:

- Minimum Credit Requirement (section 2.1)
- Residency (section 2.2)
- CGPA (section 2.3)
- Time Limit for the Completion of the Degree (section 2.4)
- Program Requirements (section 2.5)
- Course Requirements (section 2.6)

2.1 Minimum Credit Requirement

Students must complete the minimum credit requirement for the degree as specified in the letter of admission. Normally, Quebec students who have completed the 'Diplôme d'études collégiales' or equivalent diploma are admitted to a three-year program requiring the completion of 90 credits. Students from outside Quebec are normally admitted to a four-year program requiring the completion of 120 credits, but advanced standing of up to 30 credits may be granted to students who obtain satisfactory results in International Baccalaureate, French Baccalaureate, and Advanced Placement tests.

Students who are readmitted after interrupting their studies for a period of five consecutive years or more may be required to complete a minimum of 60 credits and satisfy the requirements of a program. In this case, a new GPA will be calculated. The Associate Dean, in consultation with the appropriate department, may approve a lower minimum for students who had completed 60 credits or more before interrupting their studies.

Students who are readmitted after a period of absence are normally subject to the program and degree requirements in effect at the time of re-admission. During the academic years 1999-2000 and 2000-2001, however, readmitted students who wish to complete their old program requirements must submit a written request to the Associate Dean.

2.2 Residency

To obtain a B.A. degree, students must complete satisfactorily a minimum of 60 credits at McGill University. At least two-thirds of all program requirements (Multi-track, Honours, Faculty) must be completed at McGill. In addition, some departments may require that their students complete specific components of their program at McGill. The residency requirement for Diplomas is 30 credits completed at McGill.

2.3 CGPA

Each candidate for a degree must achieve a minimum cumulative grade point average (CGPA) of 2.0.

2.4 Time Limit for Completion of the Degree

Students registered in 90-credit programs are expected to complete their program in no more than eight terms after their initial registration for the degree. For students who change programs, the period of eight terms may be extended by two terms with the approval of the students' department and the Associate Dean. Students in the Freshman Program become subject to these regulations one year after their initial registration. Students who exceed these limits must apply to the Faculty for permission to continue.

Students routinely taking 18 credits or fewer per year are not subject to the above requirements.

2.5 Program Requirements

2.5.1 Freshman Program

Students who need to complete 97-120 credits to complete their degree requirements must complete the Freshman program requirements in their first year of studies prior to selecting one of the program streams indicated below. Students may select one of the following program options:

- 6 credits in each of three of the following areas: social sciences, languages, humanities, or mathematics and science, with a maximum of 18 credits per area and 12 credits per department.
- 18 credits of courses conducted in French. Depending on degree of language proficiency attained, this could include a maximum of 12 credits of intensive French language courses.

2.5.2 Departmental Programs

Arts students, other than those registered in the Freshman Program, are required to have an approved program (Multi-track, Honours, Faculty), and to select their courses in each term with a view to timely completion of their degree and program requirements. Students must complete one of the following program streams:

MULTI-TRACK SYSTEM

To recognize the diversity of student backgrounds and interests and the multiple routes to understanding provided by a modern university, the Faculty of Arts offers a 90-credit multi-track system which includes a Major Concentration complemented by at least a Minor Concentration and which may be completed in one of the following ways:

Options

A: Major Concentration (36) + Minor Concentration (18) + 36 credits of electives
B: Major Concentration (36) + Major Concentration (36) + 18 credits of electives
C: Major Concentration (36) + Minor Concentration (18) + Minor Concentration (18) + 18 credits of electives

Regulations:

- Within option A and option B, all Concentrations must be in different academic units.
- Within option C, one of the Minor Concentrations may be in the same unit as the Major Concentration. Students who pursue a same-unit Minor Concentration will substitute additional complementary (non-required) courses to a total of 18 credits for any courses completed as a part of their Major Concentration within that unit.
- Students will include within the 36 or 18 credits of their Major or Minor Concentration any university-level (200 or above) prerequisites to required courses within their Concentrations.
- No course may fulfill the requirements for more than one program or concentration requirement.
- Returning students enrolled in Major, Minor, or Faculty programs before the institution of the Multi-track System may choose to continue with their existing program or change to the Multi-track System. Returning students who choose to continue with their existing program should consult the 1997-98 Calendar for rules applying to their program. Information is also available on the Faculty website (http://www.arts.mcgill.ca).

Definitions:

Units: academic departments or administrative equivalents.
Programs: lists of required and complementary courses (including prerequisites for required courses) prepared and maintained by units.

**Major Concentration:** 36 credits taken from a unit’s Major program.

**Minor Concentration:** 18 credits taken from a unit’s Minor program. Expandable Minor Concentrations are those which can, on the completion of 18 additional approved credits, be expanded into a Major Concentration within the appropriate unit.

**HONOURS PROGRAM:**
Honours programs demand a high degree of specialisation, and require students to satisfy specific departmental Honours requirements while maintaining a good academic standing. They are designed to prepare students for graduate study. Joint Honours programs are available in many related disciplines.

To be registered in an Honours program after the first year, students must have attained a GPA and CGPA of at least 3.0 in the previous year, unless they have special permission from the department and the Associate Dean. Departments may impose additional Honours requirements. These requirements will be found in the departmental descriptions of Honours programs.

**FACULTY PROGRAM:**
A Faculty program is an approved selection of courses constituting a concentration in an intellectually coherent and interfaculty field of studies. These courses must include approved selections from one of the following:

- The Faculties of Arts and of Science, and at least one other faculty.
- The Faculty of Arts, and at least one faculty other than the Faculty of Science.

The Faculty of Arts currently recognises the following Faculty Programs:

- Industrial Relations
- McGill School of Environment

### 2.6 Course Requirements

All required and complementary courses used to fulfil program requirements must be completed with a grade of C or better. Students who fail to obtain a satisfactory grade in a required course must either pass the supplemental examination in the course or do additional work for a supplemental grade if these options are available, or repeat the course. Course substitution will be allowed only in special cases; students should consult their advisor.

Normally, students are permitted to repeat a failed course only once. (Failure is considered to be a grade of less than C or the administrative failures of J and KF.) If a required course is failed a second time, a student may appeal to the Associate Dean for permission to take the course a third time. If permission is denied by the Associate Dean and/or by the Committee on Student Standing, on appeal, the student must withdraw from the program. If the failed course is a complementary course required by the program, a student may choose to replace it with another appropriate complementary course. If a student chooses to substitute another complementary course for a complementary course in which a D was received, credit for the first course will still be given but as an elective.

Full details of the course requirements for all programs offered are given in each unit’s section together with the locations of departmental advisory offices, program directors and telephone numbers should further information be required.

#### 2.6.1 Course Overlap

Students will not receive credit towards their degree for any course where the content overlaps substantially with any other course for which the student receives credit or which the student has already passed at CEGEP or another university or elsewhere. It is the students’ responsibility to consult the Office of the Associate Dean as to whether or not credit can be obtained and be aware of exclusion clauses specified in the course descriptions in this Calendar.

Credit for statistics courses will be subject to the following restrictions:

1. credit will be given for only one of the following introductory statistics courses: 154-227D, 154-257D, 166-350A, 186-215B, 189-203A, 198-219A, 204-204A/B, 280-271A/B;
2. credit will be given for only one of the following intermediate statistics courses: 154-227D, 154-257D, 166-461B, 183-351B, 189-204B, 204-435B, 280-272B;
3. students who have already received credit for one of the courses listed in 2) above will not subsequently receive credit for 177-373;
4. credit will be given for only one of the following: 154-227D, 154-257D, 189-204B, 204-305A/B, 280-272B;
5. students in mathematics or computer science programs and students who have already received credit for 189-324B will not receive credit for any of the following: 154-227D, 154-257D, 166-350A, 186-215B, 189-203A, 189-204B, 198-219A, 204-204A/B, 204-305A/B, 280-271A/B, 280-272B;
6. credit for statistics courses offered by faculties other than Arts and Science requires the permission of the Associate Dean of Arts.

Credit for computer courses will be subject to the following restrictions:

1. credit for Elementary Computing 100-150, which is offered by the Faculty of Arts Computer Laboratory, will not be given if taken concurrently with or after 308-100, 308-102, 308-202, 308-203, 308-208, 308-250, or 280-331. For more information, please refer to General Faculty Courses on page 49.
2. credit for courses offered by the School of Computer Science is governed by rules specified as “Notes” in the School’s entry in the Faculty of Science section of the Calendar;
3. credit for computer courses offered by faculties other than Arts or Science requires the permission of the Associate Dean of Arts.

#### 2.6.2 Courses Outside the Faculties of Arts and of Science

Students in the Faculty of Arts should consult the statement of regulations for taking courses outside the Faculties of Arts and of Science. The regulations are posted in the Student Affairs Office, Dawson Hall, and on the Website (http://www.mcgill.ca/arts_science). A list of approved/not approved courses in other faculties is posted with the regulations; students may take courses on the approved list and may not, under any circumstances, take courses on the non-approved list. Requests for permission to take courses that are not on either list should be addressed to the Associate Dean. The regulations are as follows:

- courses taught in other faculties and specifically listed in the Arts or Science section of the Calendar are considered as courses taught in the Faculties of Arts and of Science;
- students in 90-120 credit programs are allowed a maximum of 18 elective credits of approved courses in faculties outside the Faculties of Arts and of Science;
- students in 60-credit programs are allowed a maximum of 12 elective credits of approved courses in faculties outside the Faculties of Arts and of Science;
- students in certain designated programs which include a number of required or complementary courses in other faculties are permitted a maximum of 30 credits outside the Faculties of Arts and of Science;
- students in Freshman, U1, and students in Probationary standing are limited to an annual maximum of 6 credits outside the Faculties of Arts and of Science;
● students who use MARS to register for a course that exceeds the specified limitations or is not approved will have the course flagged for no credit;
● credit will not be given for any "how to" courses offered by other faculties that are intended to provide students with only practical or professional training in specific applied areas. Examples include courses that teach the use of certain computer packages (databases, spreadsheets, etc.); computer languages (SQL, COBOL, FORTRAN, etc.) and professional practice courses.

2.6.3 Courses Taken Under the Satisfactory/Unsatisfactory Option
Students may take one elective course per term that is graded under the Satisfactory/Unsatisfactory Option, to a maximum of 10% of their credits taken at McGill to fulfil their degree requirements. The decision to have an elective course graded as Satisfactory/Unsatisfactory must be made by students before the end of the Drop/Add period. For more information and restrictions, please consult the General University Information section 5.12.3 on page 25.

2.6.4 Courses in English as a Second Language
ESL courses are only open to students whose primary language is not English and who have studied for fewer than five years in English-language secondary institutions. Students in the Faculty of Arts may take a maximum of 12 credits, including academic writing courses for non-anglophones.

3 Advising
Fall term advising for newly admitted students takes place during the week prior to the beginning of classes. Students newly admitted to the winter term should consult the Calendar of Dates for exact advising dates.

Students who need 96 or fewer credits to complete their degree requirements must consult an academic adviser in their proposed department of study to obtain advice and approval of their course selection. To facilitate program planning, they must present their transcripts and letters of admission. For a detailed description of advising and registration procedures, students should refer to the Welcome book, which they receive from the Admissions, Recruitment and Registrar’s Office upon their acceptance.

Students who need 97-120 credits to complete their degree requirements will normally be registered in a Freshman Program until they complete their first year. They must consult an adviser in the Student Affairs Office to obtain advice and approval of their course selection. For a detailed description of advising and registration procedures, Freshman students should refer to the Welcome book, which they receive upon acceptance from the Admissions, Recruitment and Registrar’s Office and the Arts and Science Freshman Handbook, which they receive shortly thereafter from the Student Affairs Office. The Handbook is also available online at http://www.mcgill.ca/arts_science

Advising for returning students takes place in March for the coming academic year. For more information, students should refer to the Arts and Science Registration Handbook, which is distributed in March in the Arts Building Lobby. The Handbook is also available on the Internet (http://www.mcgill.ca/arts_science).

4 Registration
All students register by MARS, McGill’s automated registration system.

New students register in August prior to the first day of classes. For detailed information about registration, please refer to General University Information section 5 as well as to the Welcome book.

All returning students register in March for the coming academic year. For detailed information about registration, please refer to General University Information section 5 and to the Arts and Science Registration Handbook, which is distributed in March in the Arts Building Lobby. The Handbook is also available on the Internet (http://www.mcgill.ca/arts_science).

Students who fall into unsatisfactory standing at the end of the academic year will have their registration cancelled. They may not reregister in the Faculty, but they may be readmitted after appealing to the Associate Dean. For more information, students should consult the Student Affairs Office, Dawson Hall.

Students who have an outstanding fee balance from a previous term or outstanding fines will not be permitted to register. In addition, students who have registered for the upcoming academic year, but who subsequently take summer courses without paying the fees, will have their registration cancelled. Registration on MARS will be denied until these debts are paid in full. Students with financial problems ought to consult the Student Aid Office, Powell Student Services Building.

Students who decide not to return to McGill after initiating registration must either complete a withdrawal form in person or write a letter addressed to the Student Affairs Office, Faculty of Arts, Dawson Hall, Room 115, 853 Sherbrooke Street West, Montreal, Quebec, H3A 2T6. Scholarship students should note that scholarship money is deposited directly into their University fee account; the University requires a formal request for withdrawal in writing before the scholarship money can be released from the account.

4.1 Program Registration
Students should refer to the Welcome book or to the Arts and Science Registration Handbook for information on how to register for programs on MARS. See section 10 on page 47 for a list of programs which can be taken by Arts students. MARS Program Codes are included with the program outlines in the units’ entries unless the program is one for which program registration cannot be done on MARS, e.g. Minor Concentration in Management for Economics students.

4.2 Course Registration
Students in the Faculty of Arts may register for and take for credit any course, unless otherwise indicated, in the sections of the Calendar applicable to the Faculties of Arts and of Science, subject to the course restrictions listed in this section.

Since the MARS system is unable to verify whether or not Faculty regulations are respected, it is technically possible to register for courses that are closed to Arts students. When students’ records are manually verified, however, any “closed” courses will be flagged as “not for credit towards the B.A.”. As a result, the students’ expected date of graduation may be delayed.

Some courses may require the permission of the instructor owing to space limitations or program requirements. Students should consult this Calendar and/or the timetable to determine if permission is required of the instructor, the department, or the Faculty for any course they wish to take, or if password cards must be obtained.

Students who have valid reasons to take a course that is normally closed to Arts students must obtain the permission of the Associate Dean of Arts before registering for the course. Only the Associate Dean can make exceptions to the Faculty rules.

4.2.1 Registration for First-Year Seminars
Registration for First-Year Seminars is limited to students in their first year of study at McGill. These courses are designed to provide closer interaction with professors and better working relations with peers than is available in large introductory courses. These seminars endeavour to teach the latest scholarly developments and expose participants to advanced research methods. Registration is on a first-come, first-served basis through MARS. The maximum number of students in any seminar is 25. Students may take only

FACULTY OF ARTS
one seminar. Please consult the departmental listings for course descriptions.

101-197A FYS: Race in Latin America, see History
110-199B FYS: Literature and Democracy, see English
129-198B FYS: Images as Communication, see German Studies
132-199A FYS: Italy's Literature in Context, see Italian Studies
135-199A FYS: Images of Jewish Identities
141-199A FYS: Patterns in Russian Culture, see Russian
154-199A FYS: The Role of Government, see Economics
166-199A FYS: Transition from School to Work, see Sociology
183-199A FYS: People, Place and Environment, see Geography
407-198A FYS: Families and Social Assistance, see Social Work
407-199A FYS: Community and Social Welfare, see Social Work
527-199B FYS: Mind-Body Medicine, see Social Studies of Medicine

The First-Year Seminars offered by the Faculty of Science are also open to Arts students. For a complete listing, please consult the Science section 4.2.1 on page 340.

4.3 Registration for Graduation

Students in their final year must indicate the expected date of graduation on MARS and verify this date on MARS and on verification forms. When final-year students change their expected date of graduation, they must notify the Student Affairs Office immediately.

Students who complete their degree requirements at any time after their last registered term at McGill must apply to the Associate Dean to graduate. Application to graduate must be made sufficiently in advance of the expected graduation date to allow the Faculty to verify the student’s record. For further information, students should contact the Student Affairs Office.

5 Grading and Credit

Before the end of the course change (drop/add) period, each instructor will inform students of the following:

- whether there will be a final examination in the course;
- how term work will affect the final mark in the course;
- how term work will be distributed through the year;
- whether letter grades or percentages will be given in the course;
- whether there will be a supplemental examination in the course, and if so, whether term work will be included in the supplemental grade (courses normally have supplemental examinations, and courses with formal final examinations must have supplements);
- whether students with marks of D, F, J, or U will have the option of submitting additional work, and, if so, how the supplemental mark will be calculated with the extra work.

5.1 Incomplete Grades

An instructor who believes that there is justification for a student to delay submitting term work may extend the deadline until after the end of the course. In this case, the instructor will submit a grade of “K” (incomplete), indicating the date by which the work is to be completed. The maximum extensions for the submission of grades to the Student Affairs Office are as follows:

- students graduating in June: A, B, D courses: April 30
- non-graduating students: A courses: April 30
- B, D courses: July 30

Students’ deadlines for submitting their work must be sufficiently in advance of these dates to ensure that the work can be graded and the mark submitted on time.

Please consult General University Information section 5.12.4 on page 26 for more information.

6 Examinations

Students should refer to General University Information section 6 on page 26 for information about final examinations and deferred examinations.

7 Supplemental Assessments

7.1 Supplemental Examinations

Students may apply for permission to write supplemental examinations for certain courses. The following conditions apply:

- students must be in satisfactory or probationary standing;
- students must have received a final grade of D, J, F, or U in the course;
- students must avail themselves of this privilege at the time of the next supplemental examination period;
- special permission is required if students wish to write supplemental exams totalling more than 8 credits in any supplemental exam period;
- only one supplemental examination is allowed in a course;
- the supplemental result may or may not include the same proportion of class work as did the original grade; the instructor will announce the arrangements to be used for the course by the end of the change of course period;
- the supplemental result will not erase the grade originally obtained; both the original mark and the supplemental result will be calculated in the CGPA;
- additional credit will not be given for a supplemental exam where the original grade for the course was a D and the student already received credit for the course;
- in courses in which both a supplemental examination and additional work are available, students may choose the additional work or the examination or both. Where both are written, only one supplemental mark will be submitted, reflecting marks for both the supplemental examination and the additional work.

The supplemental examination period for A courses is during the months of April and May, and for B and D courses during the last week of August. Supplemental applications are available at the Student Affairs Office. The deadline for submission of applications is March 1 for A courses and July 15 for B and D courses. A non-refundable fee for each supplemental paper is payable at the time of application. Students who register for a supplemental examination and subsequently find themselves unprepared for it should not write it; except for the loss of the registration fee, there is no penalty for not writing a supplemental examination. Students should consult the Student Affairs Office for further information.

7.2 Additional Work

Instructors of courses that include graded written term work may choose to provide the option of additional work to eligible students. The following conditions apply:

- if there is an option for additional work, it must be announced in the course outline at the beginning of the course;
- additional work involves revising one or more previously submitted papers or submitting new written work to replace the original work;
- students must be in satisfactory or probationary standing;
- students must have received a final grade of D, J, F, or U in the course;
• the mark resulting from the revised or additional work will be recorded as a supplemental mark;
• the supplemental result will not erase the grade originally obtained; both the original mark and the supplemental mark will count in calculating the CGPA;
• the weight of the additional work, in calculating the supplemental mark, will be equal to the weight given the work revised or replaced when the original mark was submitted;
• in courses in which both a supplemental examination and additional work are available, students may choose the additional work or the examination or both. Where both are written, only one supplemental mark will be submitted, reflecting marks for both the supplemental examination and the additional work.
Additional work application forms are available in the Student Affairs Office. The deadline for submission of applications is March 1 for A courses, and July 15 for B and D courses. A non-refundable fee is payable for each course at the time of application. Students should consult the Student Affairs Office for further information.

7.3 Reassessments and Rereads
In accordance with the Charter of Student Rights, and subject to the conditions stated therein, students have the right to consult any written submission for which they have received a mark and the right to discuss this submission with the examiner.

The Faculty of Arts recognizes two types of reassessments or rereads:
• reassessment of course work (term papers, mid-terms, assignments, quizzes, etc.);
• reread of a final exam.

Reassessment of Course Work
These reassessments are administered and conducted solely by the units involved according to procedures specified by the units and made available to staff and students. Requests for such reassessments must be made within 10 working days of the date of return of the graded materials. The reviewer will assess the fairness of the original grade rather than re-mark the assignment as he or she would have graded it. Reassessments should normally be completed within 20 working days of the request. Grades may be lowered or raised, or they may remain the same, as a result of the reassessment. The grade obtained in the reassessment takes precedence over the original grade.

Rereads of Final Exams
These rereads are administered by the Student Affairs Office, but conducted by the units involved. Students must apply in writing to the Student Affairs Office by March 31 for courses in the fall term and by September 30 for courses in the winter or summer terms (these deadlines are strictly enforced and no requests will be accepted past them). Students are assessed a fee of $35.00 for such rereads. It is strongly recommended, but not required, that students consult with the instructor of the course before requesting a reread of a final exam. The reviewer will assess the fairness of the original grade rather than re-mark the assignment as he or she would have graded it. Grades may be lowered or raised, or they may remain the same, as a result of the reread. The grade obtained on the reread takes precedence over the original grade.

Reassessments and rereads in courses not in the Faculty of Arts or of Science are subject to the deadlines, rules, and regulations of the particular faculty.

8 Academic Standing
Academic standing is a calculation of students’ grade point averages (GPA), which is based on their fall and/or winter-term grades. Academic standing is calculated immediately following the winter-term examination period and determines if students will be allowed to continue their studies in the following academic year, or if there will be any conditions attached to their studies. There are four types of standing:

Satisfactory Standing
Students in satisfactory standing may continue in their program.
• New students are admitted to satisfactory standing;
• students whose GPA and CGPA are both 2.0 or greater are in satisfactory standing;
• students who were previously in probationary standing will return to satisfactory standing if their GPA is 2.5 or greater;
• students who were previously in unsatisfactory standing and who were readmitted on probation by the Associate Dean or the Committee on Student Standing will return to satisfactory standing if they satisfy the conditions specified in their letter of re-admission.

Probationary Standing
Students in probationary standing may continue in their program but must carry a reduced load (maximum 12 credits per term) and raise their sessional and cumulative GPA. Probationary students should see their departmental adviser to change their course selection accordingly.
• Students who were previously in satisfactory standing will be placed in probationary standing if their GPA falls between 1.5 and 1.99;
• students who were previously in probationary standing will remain in probationary standing if their GPA falls between 1.5 and 1.99 and their CGPA is 2.0 or higher;
• students who were previously in unsatisfactory standing and who are readmitted by the Associate Dean or the Committee on Student Standing are placed in probationary standing.

Unsatisfactory Standing
Students in unsatisfactory standing have failed to meet the minimum standards set by the Faculty. They may not continue in their program, and their registration will be cancelled.

Appeals for readmission should be addressed to the Associate Dean no later than July 15 for readmission to the fall term and November 15 for the winter term. Readmission will be considered only when proof of extenuating circumstances that affected academic performance can be provided (e.g., medical or other documentation).

Normally supplemental examinations are not permitted; however, students in unsatisfactory standing may appeal to the Associate Dean for permission to write a supplemental examination, clearly stating the reasons for special consideration and providing proof as appropriate.
• Students will be placed in unsatisfactory standing if their GPA falls below 1.5;
• students who were previously in probationary standing will be placed in unsatisfactory standing if their GPA falls below 2.5 and their CGPA is below 2.0;
• students who were previously in unsatisfactory standing and who were readmitted to probationary standing by the Associate Dean or the Committee on Student Standing and who have not satisfied the conditions specified in the letter of readmission will be placed in unsatisfactory standing;
• students in unsatisfactory standing for the second time must withdraw permanently.

Incomplete Standings
Standing awaits deferred exam
Must clear K's, L's or SUPPS
Standing Incomplete
Students with incomplete standings may register for the following term, but their standing must be resolved by the end of course
change period for that term; otherwise, their registration will be
cancelled. Students whose incomplete standing changes to satis-
factory or probationary standing may continue in the program. Stu-
dents whose standing changes to unsatisfactory standing may not
continue in their program, and their registration will be cancelled.

Students whose standing changes to unsatisfactory and who
wish to ask for permission to continue in their program must make
a request to the Associate Dean as soon as they are placed in un-
satisfactory standing. Readmission will be considered only when
proof of extenuating circumstances that affected academic per-
formance can be provided (e.g., medical or other documentation).

Students whose standing is still incomplete by the end of course
change period should immediately consult with the Student Affairs
Office.

- Students whose records in any year show a mark of K, L or &&
  will have no GPA or CGPA calculated for that year. If the out-
  standing mark will not affect the result, a standing decision of
  satisfactory, probationary, or unsatisfactory will be made in
  June. Otherwise, the standing decision will only be made once
  final marks for K or L have been submitted.
- If marks to clear K grades have not been submitted to the Stu-
dent Affairs Office by the end of April for fall-term courses or by
  the end of July for winter-term courses, the K is automatically
  changed to a KF and counts as an F in the GPA.
- Marks to clear L grades are normally submitted to the Student
  Affairs Office three days after the end of the deferred and sup-
  plemental exam periods in May and August.

9 Awards and Honorary Designations

9.1 Honours and First-Class Honours
Departments may recommend to the Faculty that graduating
students registered in an Honours program be awarded Honours
or First-Class Honours under the following conditions:
- students must complete all requirements imposed by the
  department;
- for Honours, the CGPA at graduation must be at least 3.0;
- for First-Class Honours, the CGPA at graduation must be 3.5
  or better;
- some departments have additional requirements which must
  be met before students are recommended for Honours or
  First-Class Honours (see the departmental entries).

9.2 Distinction and Great Distinction
Students in the Faculty or the Multi-track programs whose ac-
demic performance is appropriate may be awarded their degrees
with Distinction or Great Distinction under the following conditions:
- students must have completed a minimum of 60 McGill
  credits to be considered;
- for Distinction, the CGPA at graduation must be 3.3 to 3.49;
- for Great Distinction, the CGPA at graduation must be at
  least 3.5;
- these designations may be withdrawn, in the case of transfer
  students, if their CGPA in another faculty or at another university
  is not comparable to the CGPA earned in the Faculty of
  Arts.

9.3 Dean’s Honour List
The designation Dean’s Honour List may be awarded to a gradu-
ating student under the following conditions:
- students must have completed a minimum of 60 McGill
  credits to be considered;
- students must be among the top 10% of the Faculty’s
  graduating students;
- this designation may be withdrawn, in the case of transfer stu-
dents, if their CGPA in another faculty or at another university
  is not comparable to the CGPA earned in the Faculty of Arts.

9.4 Medals and Prizes
Various medals, scholarships, and prizes are open to continuing
and graduating students. Full details of these are set out in the
Undergraduate Scholarships and Awards Calendar, available from
the Admissions, Recruitment and Registrar’s Office or on the web-
site (http://www.aro.mcgill.ca). No application is required except in
the case of the Moyse Travelling Scholarships.

10 List of Programs
Please consult departmental listings for more details and MARS
Program Codes.

MAJOR CONCENTRATIONS
- African Studies
- Anthropology
- Art History
- Canadian Studies
- Classics
- Computing, Foundations of
- Contemporary German Studies – see German Studies (Awaiting
  University Approval)

- Religious Studies – World Religions
- Russian
- Sociology
- Women’s Studies

FACULTY PROGRAMS
- Industrial Relations
- Environment – see McGill School of Environment

HONOURS PROGRAMS
- Anthropology
- Art History
- Classics

McGill University, Undergraduate Programs 1999-2000
JOINT HONOURS PROGRAMS

There are two types of Joint Honours Programs available in the Faculty of Arts:

1. fully integrated programs such as Mathematics and Computer Science, and Economics and Finance, for which there is a specific MARS Program Code, as listed with the program, and
2. programs that are created by combining the Joint Honours Program components from two Arts disciplines. Registration for such programs is done on MARS by entering the MARS Program Code for both Joint Honour Program components, as listed with the program.

Prior to registering for each Joint Honours component, students must see advisers in the respective departments for approval of their selection. Departmental advisers will only approve combinations that are feasible, given the nature of the research project that would be involved. **Students who neglect to obtain prior approval may jeopardize their graduation.**

Students can, with approval, choose Joint Honours Program components from any two of the following disciplines:

- Anthropology
- Art History
- Classics
- East Asian Studies
- Economics
- English – one of: Cultural Studies, Drama and Theatre, or Literature
- Geography
- German Studies
- History
- Italian Studies
- Jewish Studies
- Linguistics
- Mathematics
- Middle East Studies
- Philosophy
- Political Science
- Psychology
- Religious Studies (Western Religions)
- Religious Studies (Asian Religions)
- Russian
- Sociology
