

2013 Survey of First-Year University Students

This survey is being completed by first-year university students at a number of Canadian universities so that we may learn more about our new students and help them make a more successful transition to university. This includes both in and out of class experience. If you cannot finish the survey in one sitting, you can close the survey and return to it using the link in the email we sent you. It will return you to the last page that you were on. All of your responses are confidential.
