The University pursues its mission in a manner that advances its goals, protects the integrity of all it does and maintains the confidence of all members of the University community. Faculty, staff and students are expected to conduct themselves according to ethical and behavioral standards that promote an environment of respect, trust and inclusion, where academic excellence can flourish. The University's policies and regulations, which support these standards, are found here. <https://www.mcgill.ca/secretariat/policies-and-regulations>

MANDATORY FOR ALL BIOC GRADUATE STUDENTS
