UNDERGRADUATE VOLUNTEERING SUPERVISOR CONFIRMATION FORM

To allow undergraduate students to volunteer in research laboratories, the department/PI has to officially accept the volunteer so that the lab is compliant with McGill's Comprehensive Liability Insurance. The volunteers themselves if not registered for a McGill course during the summer or during the regular semesters that they are volunteering in, **need** to have their own personal medical insurance that covers them in case of any injury to their person. McGill is only responsible for registered students. This form has to be filled in and signed by the supervisor(s) and the student volunteering before being able to volunteer in the lab. **Once signed please email the form back to the Biochemistry office at undergrad.biochem@mcgill.ca.**
