

BIOENGINEERING & BIOMEDICAL ENGINEERING SPECIAL SEMINAR

PUBLISHING AT NATURE JOURNALS

DR. AMOS MATSIKO
EDITOR - NATURE MATERIALS

March 26, 2018
DUFF 507-509
12:00PM

Dr Amos Matsiko is an Editor at Nature Materials, currently based in London, UK. He obtained an MEng in Biomedical Engineering from the University of Sheffield and subsequently carried out his PhD and post-doctoral research at the Royal College of Surgeons in Ireland on biomaterials, tissue engineering and regenerative medicine for a range of musculoskeletal applications. He also carried out an industrial collaborative project with Integra LifeSciences developing nerve guidance conduits for peripheral nerve repair. Amos began his editorial career at Nature Communications in 2016 and joined Nature Materials in 2017. He handles manuscripts in the broad area of bioengineering including biomaterials, nanomedicine and mechanobiology.
