

- ✓ The Supervisory Committee (SC) consists of the student's supervisor plus two or more other members. Please list the names and areas of expertise of your proposed SC members as well as a working title for the thesis research to be pursued.
- ✓ If SC members are not members of the Biology faculty, full contact information must be given on the form (position, affiliation, address, e-mail, phone number).
- ✓ If the supervisor is an associate member of the Biology Department, at least one of the SC members must be a full member of the Biology faculty.
- ✓ It is the student's responsibility to make certain that the proposed members are willing to serve on the committee.
- ✓ Return the filled and electronically signed form to Ancil Gittens (ancil.gittens@mcgill.ca).
- ✓ The first meeting of the SC must take place within two semesters (8 months) after joining the graduate program. Students starting graduate studies in September must have their first SC meeting **no later than May 1st**; students starting in January must have their first SC meeting **no later than September 1st**.
- ✓ Refer to the [Department of Biology's website](#) for how to prepare for your first SC meeting

Name of student	McGill ID	e-mail address
Name of supervisor	Date	
Working title of the thesis research		

Suggested SC member 1	Areas of expertise	e-mail address
For non-Biology members only – position, affiliation, address, phone number		

Suggested SC member 2	Areas of expertise	e-mail address
For non-Biology members only – position, affiliation, address, phone number		

Suggested SC member 3 (optional)	Areas of expertise	e-mail address
For non-Biology members only – position, affiliation, address, phone number		

**Nominees have been asked
and agree to serve**
