

Pick Your Path

by Amy Semergian

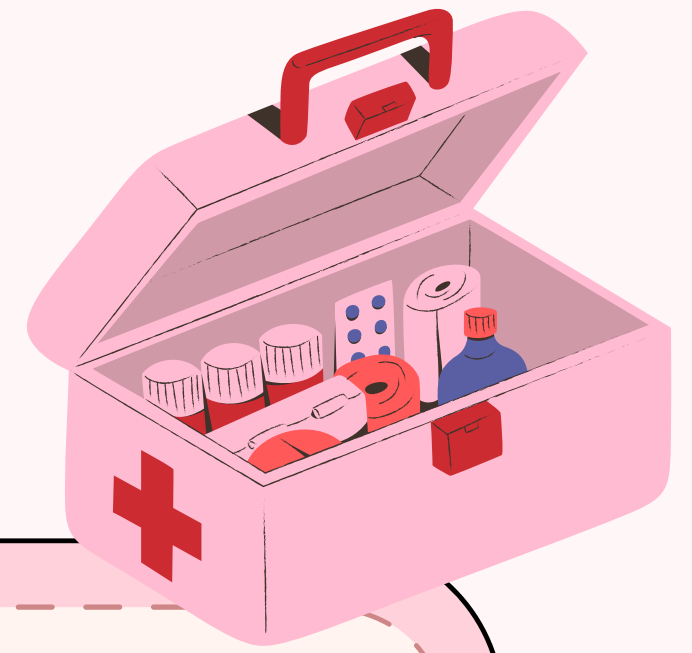

About me!

- Second year Health Science student
- Dawson College
- 19 years old
- Interested in sciences and helping others

My dream career

-Becoming a doctor.

-More specifically: A
pediatrician

-However I'm very open-
minded to other doctor
professions!

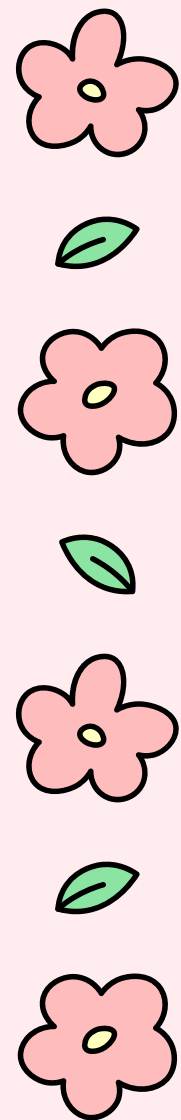

Why pediatrician?

-Love for sciences and
medicine

-Love helping children

-A desire to help others
grow and develop

Qualities of a doctor

- Compassion
- Professionalism
- Empathy
- Leadership skills
- Communication skills
- Strong work ethic

The Plan

The first step of getting into med school will be to finish my undergrad degree as well as trying to maintain a high GPA.

- Find more volunteering opportunities that interest me
- Find(or maybe even create) clubs that interest me

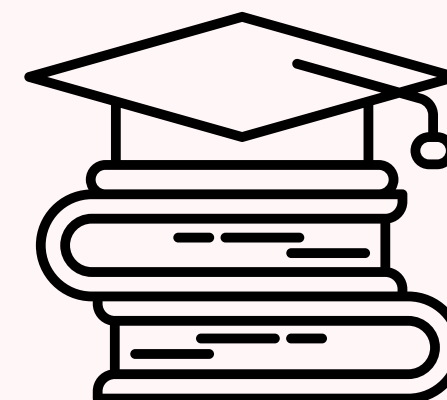

McGill Med school specifically looks at the 3 following criteria:

- 70% academic
- 20% CV
- 10% Casper

Complete my undergrad degree

Build my CV

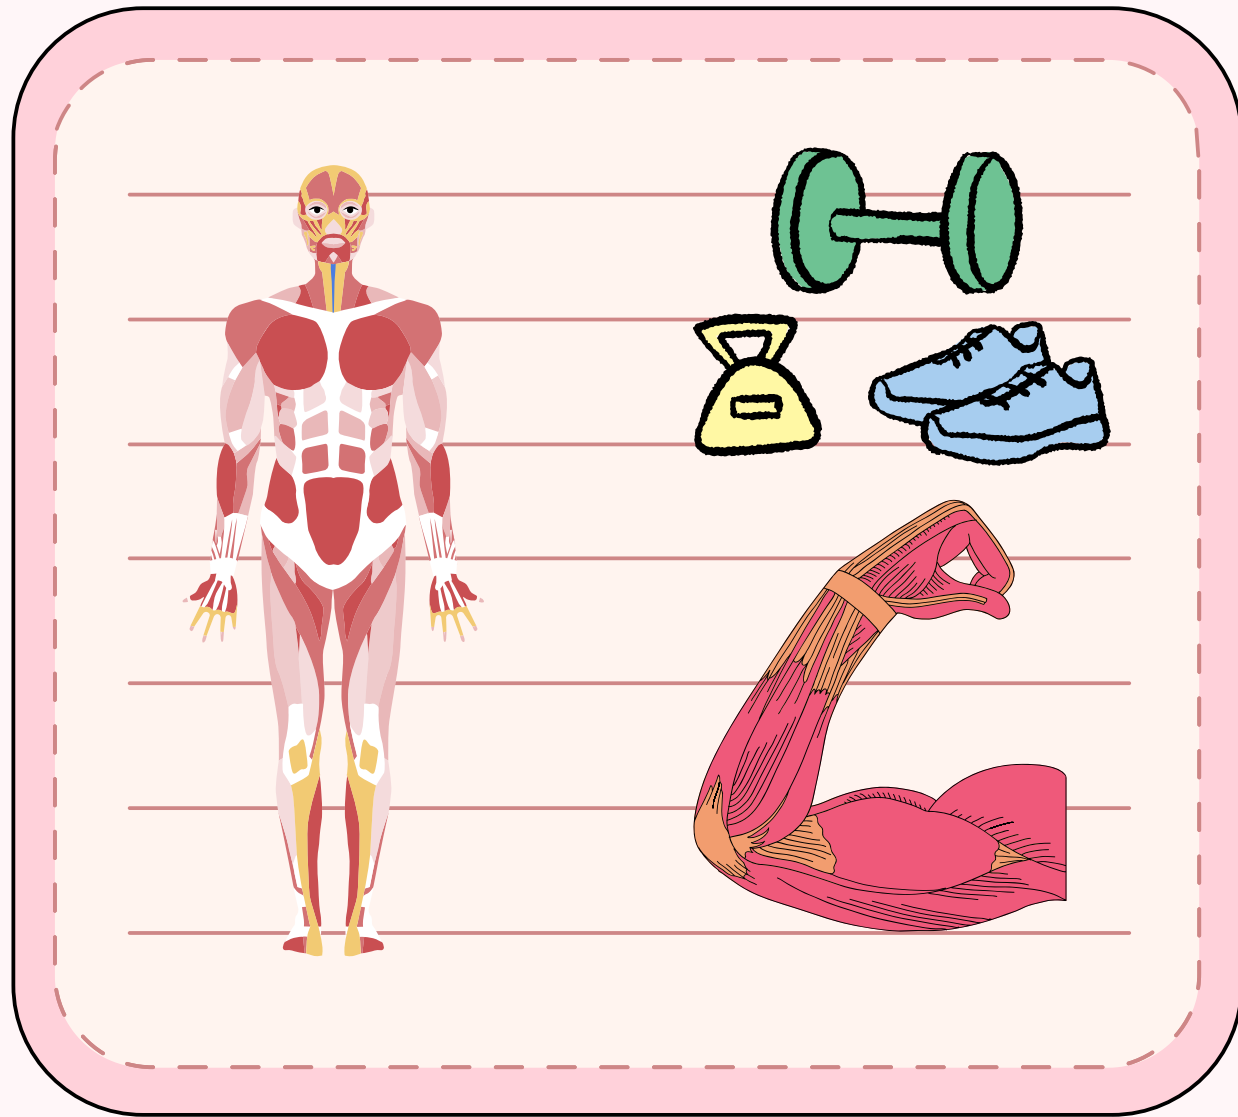

Apply!

The Backup Plan

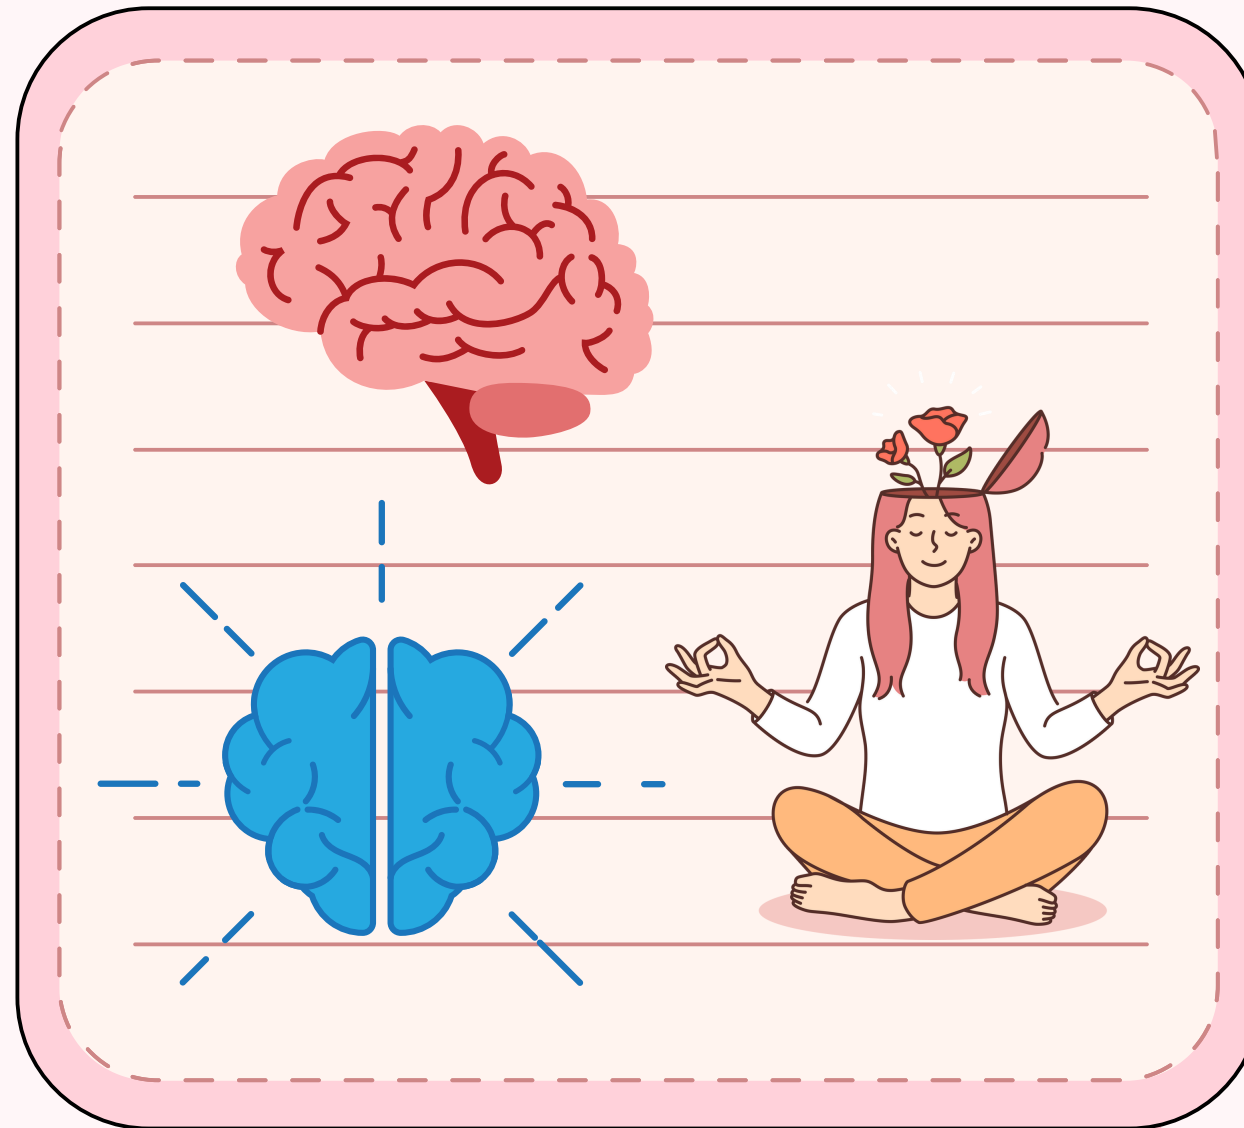

There is no backup plan!

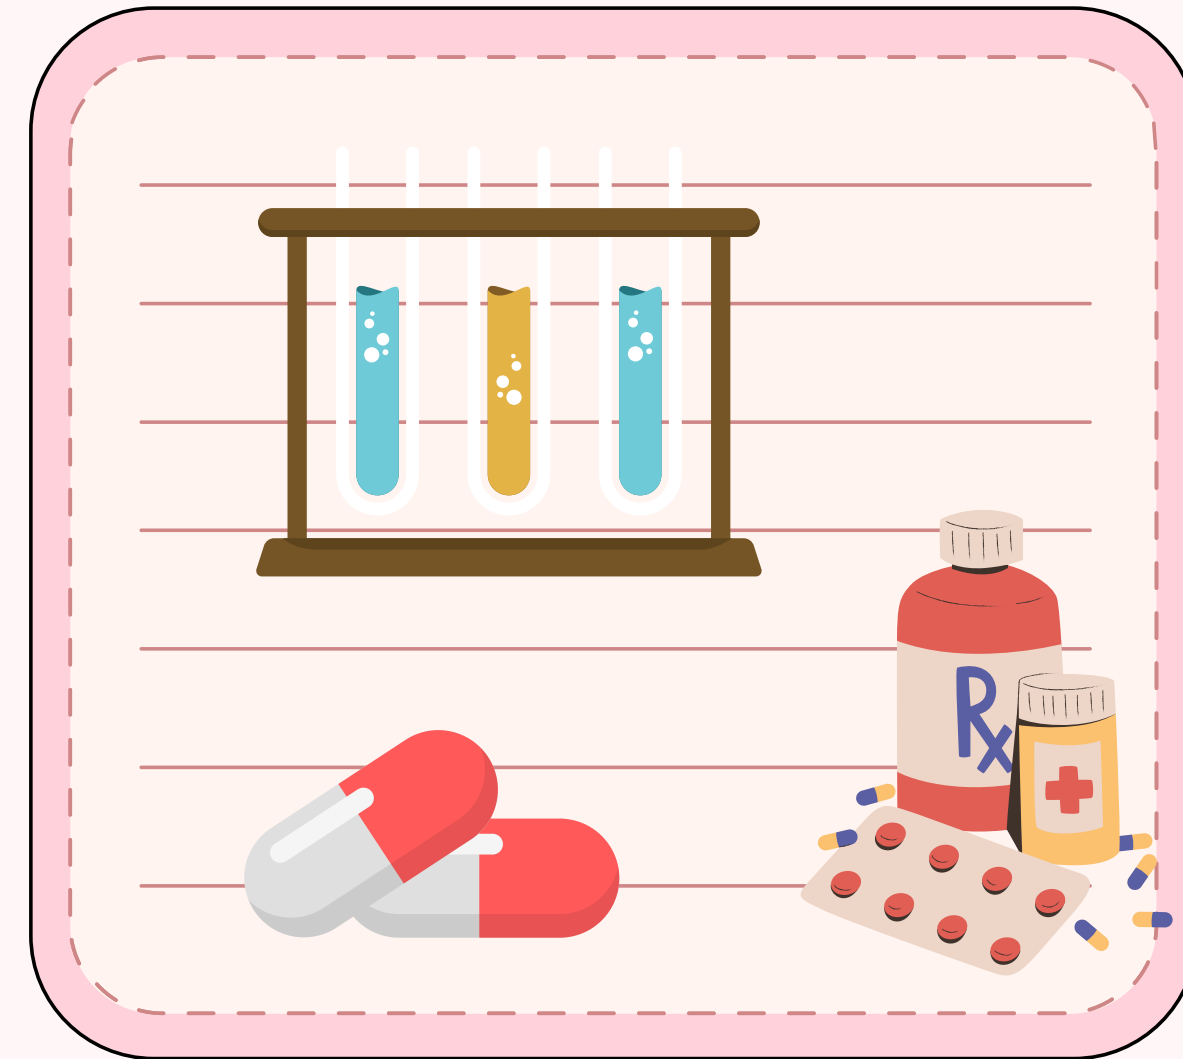

Choices for undergrad

Kinesiology

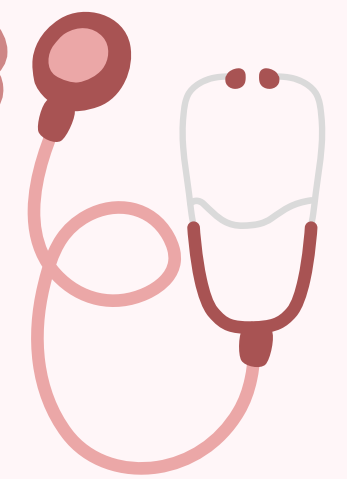

Psychology

Pharmacology

My mentor: Divine Malenda

Here is my mentor, Divine!
She is a registered nurse
and took a degree in
Kinesiology before entering
McGill's med school. She
has given me so much help
and guidance throughout
my med school journey!

Divine=Queen

How will I make this happen?

- Hard work and determination
- Maintaining a positive mindset
- Visualizing my future
- Studying.

Positive
Vibes
Only.

Thank you for
listening!
