

Pick Your Path

By: Fedousha Staya Clervil

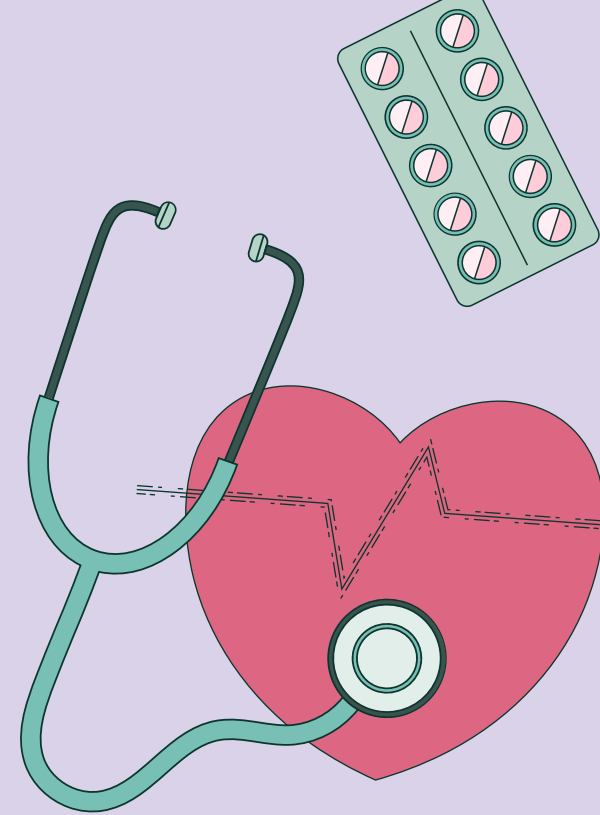

A LITTLE ABOUT ME

I am Fedousha Staya Clervil. I am in my last semester in Dawson College in health science.

Fun fact: As an Haitian, I am not a big fan of Soup Joumou...

My first Career Option

DOCTOR

Four universities In Quebec
that offers this program:

Prerequisites:

Mechanics
Electricity and Magnetism
Waves Optic and Modern physics
Calculus 1
Calculus 2
Linear Algebra
General Chemistry
Chemistry of Solutions
Organic Chemistry 1

Minimum R score: 33
Minimum R score in University
Sherbrooke: 32

Application process

Casper test

An online open-response situational judgment test

Interviews online or in person in April

Interviews

Decision

In May, we will receive the decisions

Mcgill requires a CV and verifiers. I included my volunteering in hospital Maisonneuve-Rosemont and my involvement in my community and of course... PYP !!!

MCGILL

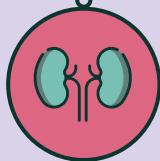

Option 1: Doctor

**Graduate
Cegep**

Almost
done!

1

Pre-med

1 year

2

Med-school

4 years

3

Residency

I heard it is
the hardest
part

4

**Dr.
Cervil**

Why become a Doctor

Opportunities

Medicine is a career that you can pursue in many fields

Make people feel better

Learning

We never stop learning! Doctors need 25 hours of required formation per year

Travel

I will be able to work in many countries

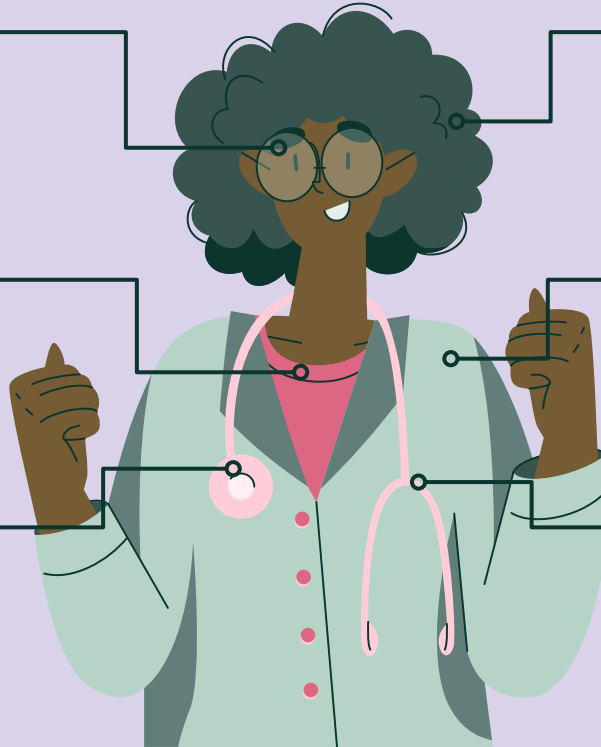

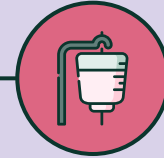

Variety

No days look alike and that's what I want.

Money

Obviously !!!

IF...

If I do not get into med I will apply AGAIN! I will have to do a bachelor to be able to do so.

1

I need 90 credit in university to be able to apply again.

2

I will either do a bachelor in Nutrition (either Udem or Laval) or a bachelor in science (at Mcgill)

3

BUT...

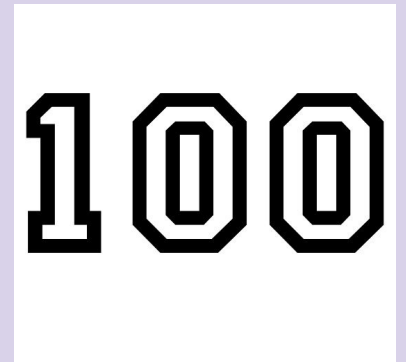

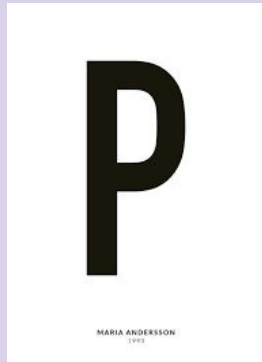

I **want** to go in Nutrition because I really enjoy cooking. Also, I find it a beautiful way to be involved in healthcare.

Problem: it is a 4 year program. Which means I will stay at school a little longer than if I decided to do a bachelor in science or in physiotherapy.

So time is an aspect for me to consider.

Can you guess my dream specialization ?

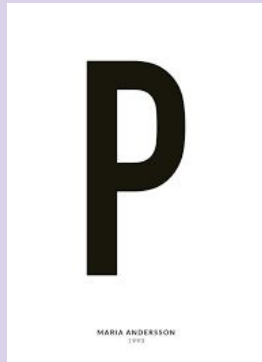

Each picture represent a syllable. When you add the syllables together it gives you my dream specialization... Good Luck !!!!!

Hint 1: took a spanish class this semester (needed for 2 pictures)

Hint 2: 1 picture represent a latin prefix

Did you Guess right ???

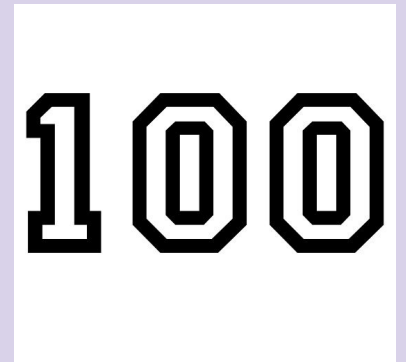

Letter = P

Sun = Day
Day in spanish
is Dia

Three as a
prefix is : tri

One hundred in
spanish is cien

P+dia+tri+cien= **Pediatrician**

A big Thank You to...

My mentor Eddy for being with me throughout the whole program and for helping me in the applications process.

And I cannot forget Camille, Blain and Jaelle for this amazing program!!!!
