

List of the General musical articles.

They are not in true alphabetical order, since in the original, topics beginning I, J and U, W, were conflated, so here they are in the order they appeared in the published volumes.

They are coded by the authors' initials:

(CB) – Charles Burney

(JF1) – John Farey Sr

(JF2) – John Farey Jr

A number of the the topics listed are short cross - references or dictionary definitions.
