

MCGILL'S CNSA CHAPTER  
PRESENTS:

# 2020 CAREER FAIR

# WELCOME!

Welcome to the 2020 Career Fair! Even though we aren't able to have an in-person career fair, we still wanted to make sure that you, the McGill Nursing Students, received all the information from all the institutions that are typically at our Career Fair. Given the online nature of this career fair we are very excited to have multiple new institutions participating this year from all over the country.

In case there is any confusion regarding terminology:

- An extern is a position for nursing students who have not finished school. Often, these positions are only part-time during the summer. In BC, an extern is often referred to as an ESN (employed student nurse)
- A New Grad position is also referred to as a CEPI position in Quebec. These positions are for graduates, and often times you do not need to have written your licensing exam yet.

\*\* Please Note, for any RN positions outside of Quebec, you would need to write the NCLEX exam, not the OIIQ exam\*\*
