Tenure–Track Faculty Position

Open to rank of Associate Professor or Professor

Canada Research Chair Tier 1 in Social Innovation in the Urban Context

Position in the Faculty of Arts

The Canada Research Chair is also open to internal candidates who already hold a tenure-track or tenured faculty position at McGill University.

Position description

The Centre for Interdisciplinary Research on Montreal (CIRM) at McGill University invites applications for a Canada Research Chair in Social Innovation in the Urban Context. The position will be at the level of Associate Professor or Professor and the successful candidate will be associated with a department in the Faculty of Arts.

CIRM is a research centre whose mission is to stimulate and unite interdisciplinary research on Montreal and to promote research initiatives across cultural, governmental, social, community, and economic domains. The candidate selected at the end of the process must have demonstrated his or her interest in working in this dual, interdisciplinary and intersectorial, perspective. CIRM is particularly interested in candidates who have worked at the intersection of qualitative and quantitative research. Candidates whose research focus on cities other than Montreal are welcome to apply but will have to demonstrate, through the program of research they submit to the selection committee, that they intend to give Montreal a central role in their future research.

If the successful candidate satisfies the specific eligibility conditions of the program, the candidate may be supported by the University for nomination to a Tier 1 Canada Research Chair (CRC) in Social Innovation in the Urban Context, which provides protected time for research within a full-time academic appointment.

A Tier 1 CRC is a senior chair to be held by a full Professor or an Associate Professor who will earn a senior promotion within two years of acceptance of the award. The eligibility conditions for the CRC chairs are described at http://www.chairs-chaire.gc.ca/program-programme/nomination-mise_en_candidature-eng.aspx#s3.

Associate Professors who do not satisfy the CRC eligibility criteria for a Tier 1 chair are asked not to apply for the position.

Job Duties

Research; student supervision; administrative tasks; community service.

- the names and contact information of three referees.

Internal McGill applicants must submit a recent curriculum vitae and a statement of research interests

aligned with the designated subject area for the chair.

COMMITMENT TO EQUITY AND DIVERSITY

McGill University hires on the basis of merit and is strongly committed to equity and diversity within its community. We especially welcome applications from visible minority group members, women, Indigenous persons, persons with disabilities, persons of minority sexual orientations and gender identities, and others with the skills and knowledge to productively engage with diverse communities. We encourage members of equity-seeking groups to self-identify within their letter of intent in their application. Persons with disabilities who anticipate needing accommodations for any part of the application and hiring process may contact, in confidence, Professor Angela Campbell, Associate Provost (Equity and Academic Policies) at (514) 398-1660 or at Angela.Campbell@mcgill.ca. Associate Provost Campbell can also answer questions related to equity, diversity and inclusion, or privacy concerns the candidate may have related to self-identifying. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
