

CFTRc Seminar Series

Dr. Jay Kolls

*Professor of Medicine and Pediatrics
John W Deming Endowed Chair in Internal Medicine
Director, Center for Translational Research in
Infection and Inflammation
Tulane School of Medicine, New Orleans*

Mucosal Immunity in CF: friend for foe

The Kolls labs has been studying mucosal immunity in CF including T cell (type 17) as well as humoral immunity and how these responses may play a role in microbial persistence.

Date: Tuesday, February 9, 2021

Time: 4:00 p.m.

Online via Zoom:
