Monday, November 6, 2017

7:30 pm – 8:30 pm

AMPHITHEATRE - GROUND FLOOR

4333 Chemin de la Côte-Ste-Catherine (corner of Legaré)

Montréal, Québec H3T 1E4 CANADA (Conférence en anglais seulement)

Dr. Sidney H. Kennedy is Professor of Psychiatry at the University of Toronto, Arthur Sommer Rotenberg Chair in Suicide and Depression Studies at St. Michael's Hospital, and a Scientist at Li Ka Shing Knowledge Institute and Krembil Research Institute, Toronto, Canada. Dr. Kennedy is the lead investigator for a large depression biomarker initiative, the Canadian Biomarker Integration Network in Depression (CAN-BIND). He has published extensively on new drug evaluation, neuroimaging and neurostimulation therapies, personality factors in depression, antidepressant effects on sexual function and treatment guidelines for Major Depressive Disorder and Bipolar Disorder.

Dr. Kennedy is a fellow of the Canadian Academy of Health Sciences, the Immediate Past President of the International Society for Affective Disorders, former President of the Canadian College of Neuropsychopharmacology, and the founding chair of the Canadian Network for Mood and Anxiety Treatments (CANMAT) and co-lead in Guidelines for MDD and Bipolar Disorder. He has published more than 380 peer reviewed publications (h-index 73) and 11 books on depression and related topics.
