

McGILL UNIVERSITY FACULTIES OF MEDICINE, DENTISTRY and SCIENCE

The McGill University Faculties of Medicine, Dentistry and Science are inviting applications for full-time tenure track positions at the level of Assistant Professor or Associate Professor. There are five such positions available over the next 1-3 years. These positions are linked to the Canada Excellence Research Chair in Human Pain Genetics. The candidates will join a team of researchers in the Alan Edwards Centre for Research on Pain. The initial appointment is for three years, and this is renewable.

Successful applicants must have a PhD or equivalent degree, and/or an MD (or other health professional degree), and at least three years of postdoctoral research training in one of the following fields: statistical genetics, human clinical genetics, molecular biology/pharmacology, electrophysiology, immunology, animal pain models, psychology, brain and cellular imaging and/or clinical research.

Successful candidates will be expected to develop an independent research program in one of the above fields of study and to contribute to undergraduate and graduate teaching in one or more departments within the Faculty of Medicine, Dentistry and/or Science. Salary will be commensurate with qualifications and experience.

Interested candidates are invited to submit a cover letter including a two-page statement of research interests, curriculum vitae, along with the names and contact information of three references at: <http://www.mcgill.ca/medicine-academic/positionsavailable>. The deadline to receive applications is April 30, 2015. The search will continue until the positions are filled.

McGill University is committed to diversity and equity in employment. It welcomes applications from: women, Aboriginal persons, persons with disabilities, ethnic minorities, persons of minority sexual orientation or gender identity, visible minorities, and others who may contribute to diversification.

All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadians and permanent residents will be given priority.
