# WELLNESS

## Local Wellness Advisor (LWA) *Bianca Brunetti*

LWAs are trained clinicians who are here to orient and connect you with the appropriate resource for your unique situation. LWAs can familiarize you with a host of other health and wellness supports that are available to you on campus. They can also equip you with tools and resources to take charge of your mental health.

Think of them like an academic advisor, but for your well-being. They also offer various workshops targeting specific wellness issues to students.

THANK YOU!
