

SEMINAR SERIES

The **Chair in Energy Sector Management** at HEC Montréal presents:

Microgrids: Finding Their Place in the Electricity Supply Infrastructure

Thursday, January 26th 2017 | **3:30 to 4:30 pm**

@ **HEC Montréal** – Room TD Assurance Meloche Monnex
3000, Côte-Sainte-Catherine Road (1st Floor; Green sector)
Montreal |  Université de Montréal

Guest Speaker | Chris Marnay

Retired Staff Scientist, Lawrence Berkeley National Laboratory - China Energy Group; Visiting Scholar, TISED, McGill University

Summary | This seminar gives an overview of the history of the electricity supply system generally, and the research, development, and deployment trajectory of microgrids in particular. The nature of the technical changes taking place is described, and an alternative paradigm for the future power sector is envisioned.
