

# Emergency Department Targeted Ultrasound

Designed to provide physicians with a strong foundation in emergency ultrasound. This 2 day course facilitates the completion of most (if not all) of the required 50 supervised scans in each of the four areas (aorta, cardiac, abdomen and pelvis)

### *EDTU program highlights include*

- ✓ *E-syllabus & lectures on video*
- ✓ *Understanding the basics of ultrasound physics, image generation and interpretation, and image artifact*
- ✓ *Understanding the different types of probes used to generate images and the 'knobology' of the ultrasound machine.*
- ✓ *Understanding the difference between EDTU and a formal ultrasound performed in the radiology department.*
- ✓ *Learning how EDTU is to be used in the clinical assessment of patients and clinical algorithms for patient care*
- ✓ *Identifying all the important anatomic structures on an ultrasound image that are necessary to interpret the primary examinations*
- ✓ *Understanding the importance of establishing and maintaining a quality assurance program at your local ED*
- ✓ *Plus much more*

### Registration Fees:

*After Oct 27*

Physician – CAEP Member	\$3200	\$3300
Physician – Non-member	\$3500	\$3600
Resident – CAEP Member	\$3000	\$3100
Resident – Non-member	\$3500	\$3600
