**Colloque annuel sur l'attachement et l'intervention relationnelle; L'état des connaissances et les défis d'une transition vers l'âge scolaire**

**l'Université du Québec à Montréal**

**vendredi 30 novembre 2018**

Le Regroupement Provincial sur l'Attachement et l'Intervention Relationnelle (REPAIRE) est heureux de vous convier à une journée de conférences cliniques et scientifiques.

Cet événement réunira une communauté de chercheurs, d'intervenants et d'étudiants de la province pour faire état des connaissances et des travaux en attachement de la petite enfance à l'âge scolaire, des nouvelles avenues clinico-scientifiques à l'utilisation de l'intervention relationnelle et des défis sur le plan clinique et scientifique.

Dans le cadre de cette journée, REPAIRE a l'honneur d'accueillir une conférencière internationale renommée, madame Laura Brumariu, professeure à l'Université Adelphi à New York dont l'expertise porte sur l'application clinique de l'attachement durant la moyenne enfance.

L'événement aura lieu à l'Université du Québec à Montréal et est organisé conjointement par l'Institut universitaire Jeunes en Difficulté (IUJD) du CIUSSS Centre-Sud-de-l'Île-de-Montréal, le Centre de recherche universitaire sur les jeunes et les familles (CRUJeF) du CIUSSS de la Capitale-Nationale, la Chaire de recherche du Canada sur l'attachement et le développement de l'enfant et le Groupe de recherche et d'intervention auprès des enfants vulnérables et négligés (GRIN).

The [Child Welfare Journal Club](#) is a joint McGill / University of Toronto initiative supported by funds from the Royal Bank of Canada. It is a monthly journal club for faculty and graduate students interested in child welfare research. We review empirical studies published in the leading child welfare journals and select the most salient and rigorous studies to be summarized and distributed in monthly e-newsletters disseminated through the [Canadian Child Welfare Research Portal \(CWRP\)](#).

For any PhD student at McGill potentially interested in joining the Research Watch team or to receive more information, please contact Biru Zhou at [biru.zhou\(at\)mcgill.ca](mailto:biru.zhou(at)mcgill.ca).

**Research Seminar - I need your eyes to see myself: Shame and child sexual abuse with Rosaleen McElvaney, Dublin City University**

**Sept 19 12:00 – 13:00**

**Wendy Patrick room (room 118), 3506 rue University, Montreal**

This presentation will examine the experience of shame in the context of child sexual abuse disclosures. Interviews were conducted with young people aged 14 to 25 from Ireland, Toronto, Montreal and Ottawa, about their experiences of disclosing sexual abuse in childhood. The data were examined using the lens of Brene Brown's psychosocial model of shame resilience, focusing on the four key dynamics of vulnerability, critical awareness, reaching out and speaking shame. The presentation in particular examines the role of self-blame in the dynamic of shame for those who experience sexual abuse.

Cookies & coffee will be served. For more information on CRCF's research seminars, please click [here](#).

During monthly meetings held at the Centre for Research on Children and Families, Huddlers identify social issues they are concerned about and develop strategies to act on.

Members can also connect by videoconferencing or teleconferencing. For more information or to join the Huddle, please contact [Jennifer Nutton](#).

## Qualitative Data Analysis Group (QDAG)

The QDAG is a space for social work doctoral students to work independently with others to be able to ask questions as they emerge during data analysis. The QDAG is not a discussion group. It is a work-focused group to move students forward through the data analysis phase of the dissertation with the support of others. For more information and for the upcoming meeting times, please contact [Gina Glidden](#) or [Jennifer Nutton](#).

## News & Notices

**New research website**

My research team and I are pleased to launch a new research website,

[Out of Place: Stories from Syrian Families](#)

which shares the experiences of Syrian refugee families living in Lebanon. The website was developed after many families asked us to share their stories with the world. In the words of the 36-year-old father of six, Abu-Nour (a pseudonym for one of our participants):

*"We want to tell our story, because if we don't survive, our story will be out there."*

Please share with your networks so their stories will be heard. More families' stories will be added in the upcoming months, and the site will also be translated into Arabic. The website can also be found at:

<https://www.outofplaceresearch.com/>

Thank you!

### Articles for CRCF's *ON THE RADAR*

If you are not aware, CRCF's [On the Radar](#) publication is a dissemination initiative that promotes its members research. On the Radar can be used to publish preliminary data, a pilot study, a policy paper or findings from a small project that are not suitable for a journal publication. It can also be used to provide a product to a partner.

Please contact [pamela.weightman@mcgill.ca](mailto:pamela.weightman@mcgill.ca) if you would like to submit an article for publication.
