

**Pain Research
Faculty of Dentistry and Faculty of Medicine**

The Faculties of Medicine and Dentistry at McGill University seek a cross-faculty appointment in the field of **Pain Research**. McGill University is world-renowned for its clinical and basic pain research, and is proud of its exceptional record of achievement. The Alan Edwards Centre for Research on Pain (AECRP) and the Alan Edwards Pain Management Unit are world-class, multidisciplinary pain research facilities affiliated with the Faculties of Dentistry, Medicine and Science at McGill University and exemplify our continued priority to pain research.

A distinguished scholar is sought for a tenure track/tenured position at the Assistant, Associate or Full Professor level. Requirements include a PhD or equivalent degree and a strong interest in pain research, in addition to teaching experience at the undergraduate, graduate and post-doctoral student levels. Responsibilities will include research, teaching and administration befitting a university position. Salary will be commensurate with qualifications and experience.

Please submit your application electronically at the following website: <http://www.mcgill.ca/medicine-academic/positionsavailable>. Applications should include in PDF format a letter outlining your current and future research interests, a copy of your CV and the names and e-mail addresses of three references.

Applications will be reviewed as they are received until May 11, 2015.

McGill University is committed to diversity and equity in employment. It welcomes applications from: women, Aboriginal persons, persons with disabilities, ethnic minorities, persons of minority sexual orientation or gender identity, visible minorities, and others who may contribute to diversification. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadians and permanent residents will be given priority.
