

FACULTY OF DENTISTRY

Students in need have access to ALL bursary funds that are not restricted to a particular faculty. Please follow the instructions below.

General Information:

Applications for McGill bursaries and loans may be accessed through the Financial Aid menu on Minerva. Applicants must arrange for an interview with a Student Aid Counsellor.

Bursaries and loans are granted on the basis of financial need to full-time students in a program of study leading to an undergraduate degree. Financial aid will be granted only if an adequate academic standing is attained.

All applicants for McGill aid must apply for maximum government grants/loans or other assistance for which they are eligible. Canadian and American students can consult a directory of government websites at www.mcgill.ca/studentaid/government.

Unless otherwise stated, all funds listed in this section are administered by the Scholarships and Student Aid Office and inquiries should be made directly to that office.

Federal and Provincial Loans and Bursaries:

A basic qualification is that the applicant must be a Canadian citizen. Certain categories of Permanent Residents may also be eligible. All government loan programs operate exclusively on the basis of financial need.

Students apply directly to their province or territory of residence. Application forms are available from the governmental authorities as well as the Scholarships and Student Aid Office. Information on governmental student aid and links to sites can be found at www.mcgill.ca/studentaid.

Bursaries specific to Faculty of Dentistry students:

The 4 bursaries listed below (need based) are administered by the Scholarships and Student Aid Office. They are faculty specific, however, all students have access to 'open' non-restricted bursary funds listed in the Undergraduate Scholarships and Awards Calendar.
