DESAUTELS FACULTY OF MANAGEMENT

INTEGRATIVE APPROACH
The Desautels GCPA program uses an integrated approach to learning across courses with an emphasis on case-based learning throughout the program.

Presentation skills and the analysis of strategic cases are developed from the outset so students will be well prepared for the integrative case and presentation in the Capstone 1 equivalent course.

SMALL CLASS SIZE & QUALITY INSTRUCTORS
Small program size ensures individual attention by top-quality instructors.

SUCCESS
Desautels’ GCPA students experience consistently high pass rates on the Common Final Examination (CFE) and regularly place on the National Honour Roll.
