<b>JEFFERY HALE COMMUNITY PARTNERS (JHCP)</b>						
<b>Project Title</b>						
<b>Partnerships in Action to Increase Bilingual Resources in the Health and Social Services System in the Greater Quebec City Region</b>						
<b>Objectives</b>						
This project aims to: 1 – Encourage English-speaking youth to consider a career in the health and social services sector in the Greater Quebec City region; 2 – Inform students of resources, bursaries and summer student employment opportunities in the region’s health and social services institutions; 3 – Manage the Dialogue McGill Health and Social Services Community Leadership Bursary Program to maximize its capacity to financially support English-speaking youth who are interested in eventually working in the health and social services sector in the region.						
<b>Description</b>						
Through <i>Partnerships in Action to Increase Bilingual Resources in the Health and Social Services System in the Greater Quebec City Region</i> , the Jeffery Hale Community Partners (JHCP) will implement, promote and manage the Dialogue McGill Bursary Program for the benefits of English-speaking youth that have an interest in pursuing a career in the health and social services sector after their studies. JHCP will promote the program with the support of all key strategic partners of its community, as well as through English-speaking media. JHCP will also receive and administer all the applications and develop a comprehensive and fair selection process led by a selection committee. Finally, JHCP will ensure that an efficient monitoring process is implemented in order to better track the career path of its bursary recipients throughout the duration of the project.
