

05 **ESTRIE**

**TOWNSHIPERS' ASSOCIATION**

**Project Title**

**Eastern Townships Partners for Health and Social Services – Estrie Network Retention Initiative**

**Objectives**

This project aims to engage with the health and social services network and educational institutions in the Estrie region to promote careers in health to English-speaking youth, support and encourage student success in the field of health and social services and monitor students' educational path in the region.

**Description**

Building on its strong relationship with the CIUSSS-CHUS teams deployed across the region as well as with the educational institutions at work on the territory, the Estrie Network Retention Initiative will maintain activities that include networking for current and recently graduated health and social services students, maintenance of career catalogue created via **Golden Share Initiative**, collaborative activities with Make Way for YOUTH participants (Place aux jeunes en région), and promoting and facilitating student access to the annual Dialogue McGill Health and Social Services Community Leadership Bursary Program.
