

16 **MONTÉRÉGIE**

TOWNSHIPERS' ASSOCIATION (MONTÉRÉGIE)

Project Title

Eastern Townships Partners for Health and Social Services – Montérégie-East (ME) Network Retention Initiative

Objectives

This project aims to: 1 – Engage with the health and social services network and educational institutions in the part of the CIUSSS-CHUS health region of Quebec newly annexed to Estrie (the Montérégie-East) as a result of Bill 10's adoption on April 2015. 2 – Promote careers in health to English-speaking youth, support and encourage student success in the field of health and social services and monitor students' educational path in la region.

Description

Building on the strong relationship ME network agents have with the CIUSSS-CHUS teams deployed across the region as well as with the educational institutions at work on the territory, the ME Network Retention Initiative will maintain activities that include: 1 – networking for current and recently graduated health and social services students; 2 – maintenance of career catalogue created via **Golden Share Initiatives**, 3 – collaborative activities with *Make Way for YOUTH* participants (Place aux jeunes en région); 4 – promoting and facilitating student access to the annual Dialogue McGill Health and Social Services Community Leadership Bursary program.
