### Required Courses for Year 1

#### NOTES:

\* For EDPE 502, students choose section 002 or 003.

\*\* For EDPE 676, all students must register for both the Lecture (001) and Laboratory (002) sections.

\*\*\* For EDPE 632, all students must register for this 0-credit course; **participation is required.**

### Complementary Course Options:

One course option (3 credits) from a specific list of courses may be taken in Fall or Winter or Year 1 or Year 2; students may consult with their supervisor for advice. This choice is typically based on one's specific area of interest or the subject matter of their proposed thesis.

### Thesis Courses:

Students should aim to take 12 credits per term, with one term at 9 credits. Students are encouraged to complete most course work first, which will allow them to concentrate on their thesis research later. While Thesis courses do not have scheduled class time but rather represent progress on one's thesis in consultation with their supervisor, students must register for Thesis courses throughout their degree.

**NOTE: Students must complete all thesis courses by the end of their degree.**

**NOTE:** Graduate students are required to confirm their graduate student status by registering for General Registration CRNs for the Fall and Winter semesters.  
(Fall 2023 CRN is REGN RCGR 179)
