Required advanced courses to be taken in Year 2 or upon completion of Required Year 1 courses.

**EDPE 676 (lecture & lab) is a daytime course in advanced statistics for those wishing to prepare for admission to a Ph.D. program or with research interests. Please email edpsych.education@mcgill.ca with rationale outlining interest in pursuing this course. EDPE 676 is only available to students who have completed or received an exemption from EDPE 575 or equivalent approved undergraduate statistics course.

Complementary Courses

1) * The Special Activity (EDPE 699D1) (6 credits) option is an advanced-level course only available to second year MEd students or senior Part-Time students who have completed all of their Required Year 1 courses. The focus of the project is individualized to the students needs. For more information see the following website:

<http://www.mcgill.ca/edu-ecp/programs/mededpsych/program-information-forms-guidelines#special>

2) Field work 3-credit option (EDPI 539) or Field work year-long option (EDPI 656D1/D2;6-credit option) Students must register for two CRN#'s Field Course and Seminar. This course provides the opportunity to expand your experiences working with students with diverse needs in inclusive, integrated, and segregated settings. Sites are selected that correspond to student needs, interests, and professional growth. Only those who have completed at least 3-credits or one-term of Field Work may register for the 6-credit/year-long option. For more information see the following website:

<http://www.mcgill.ca/edu-ecp/programs/mededpsych/program-information-forms-guidelines#practical>

3) Students may select any complementary courses listed above or any other 500- or 600-level courses offered by the Department or other units with approval of the Program Director. For approval, please contact your program email:

edpsych.education@mcgill.ca
