Required Courses

NOTES:

* For EDPE 684, all students must register for both a Lecture section (001) and a Laboratory section (002). You must have completed EDPE 682 in your Masters Degree to be eligible to take this course in Fall Year 1 of the doctoral program. See Winter schedule for alternate courses.

** For EDPC 780 D1/D2, only those students who have met clinical hour requirements in their Master's Degree may potentially obtain permission from the Director of Clinical Training to register for this course in their first year of study. Those who do not meet requirements will need to first complete EDPC 782D1/D2 in their second year of study (leaving 780 for third year).

*** For EDPC 780 D1/D2, register in only one lecture and one tutorial section. If you are registered in Lecture Section 001 (CRN 5828), please register in Tutorial Section 003 (CRN 5830). If you are registered in Lecture Section 002 (CRN 5829), please register in Tutorial Section 004 (CRN 5831).
