Caveat:

This is one of your mandatory professional courses and as such students are expected to attend every class meeting (e.g., lecture and lab) for its entire duration. Every student is permitted to have **ONE** class absence (lectures and labs are counted) without requiring a make-up assignment. However, **two unexcused absences** will result in a make-up assignment that will be 5 pages in length. It is a research-based assignment that will involve gathering additional information. Each assignment will be evaluated and will form part of the student's final course grade. The assignments are due one week after the missed class. Failure to hand in the assignment(s) will result in a penalty of 7% off of your final course grade. Additionally, each class missed after 2 total absences (classes and or lab) will result in a penalty of 10% subtracted from your final course grade for EACH missed class.

**McGill University Policy on Academic Integrity, Written Work,
& Accommodation of Religious Holy Days**

McGill University values academic integrity. Therefore all students must understand the meaning and consequences of cheating, plagiarism and other academic offenses under the Code of Student Conduct and Disciplinary Procedures (see <http://www.mcgill.ca/integrity/> for more information).

L'université McGill attache une haute importance à l'honnêteté académique. Il incombe par conséquent à tous les étudiants de comprendre ce que l'on entend par tricherie, plagiat et autres infractions académiques, ainsi que les conséquences que peuvent avoir de telles actions, selon le Code de conduite de l'étudiant et des procédures disciplinaires (pour de plus amples renseignements, veuillez consulter le site <http://www.mcgill.ca/integrity/>).

In accord with McGill University's Charter of Students' Rights, students in this course have the right to submit in English or in French any written work that is to be graded." (Approved by Senate on 21 January 2009) (not applicable to courses in which acquiring proficiency in a language is one of the objectives) Les étudiants peuvent écrire et présenter tous les travaux et examens en français.

Students who because of religious commitment cannot meet academic obligations, other than final examinations, on certain holy days are responsible for informing their instructor, with two weeks' notice of each conflict. Possible solutions include: a) rescheduling the evaluation, or b) preparing an alternative evaluation for that particular student, or c) shifting the weight normally assigned to the evaluation to the weight assigned to the remaining evaluation. When the instructor and student are unable to agree on suitable accommodation, the matter will be referred to the Associate Dean, who may request official documentation confirming the student's religious affiliation. The Associate Dean will convey the decision to the instructor and student.
