

Faculty of Engineering Intra/Inter Transfer session

Melissa Kinney
Student Affairs Advisor

February 26, 2021

3:00pm ZOOM SESSION

**McGill Engineering Student
Centre (MESC)**

Student Affairs Office

Career Centre services

Peer Tutoring Services

Local Wellness advisor

Frank Dawson Adams Building

Room 22

Types of Transfers

- **Inter-Faculty Transfer** Students who are currently registered in a Faculty (outside of Engineering) such as Arts, Science, Agricultural and Enviro Sci and wish to transfer into the Faculty of engineering (inter)- ***example Science to Chemical***
- **Intra-Faculty Transfer** Students who are currently registered in the Faculty of Engineering and wish to transfer to another department within engineering (intra) (***example Mechanical to Civil***)
- Students who have graduated from their undergraduate program, or have applied to graduate at the end of the current term, should make their application to a new undergraduate program through the University admissions process. <https://www.mcgill.ca/undergraduate-admissions/apply>

Software Engineering and Software Co-op Closed for Fall 2021 transfer

- Software Engineering and the Software Engineering co-op program will not be open for inter- or intra-faculty transfers for Fall 2021. Please consult with an academic advisor to plan accordingly – Book an appointment or email the department undergradadministrator.ece@mcgill.ca
- **Currently in Software Engineering**, you can continue in the program and look into applying for an internship please contact lorraine.donald@mcgill.ca or book an appointment through MS bookings <https://outlook.office365.com/owa/calendar/McGillEngineeringCareerCentre@McGill.onmicrosoft.com/bookings/> or visit our internship page <https://www.mcgill.ca/careers4engineers/engineering-internship-program>
- If you are **in another Engineering program**, you can choose to transfer to Computer or Electrical engineering or add a Minor in Software engineering [Bachelor of Engineering \(B.Eng.\) - Minor Software Engineering | eCalendar - McGill University](#) and also apply for internship
- If you are **in another Faculty**, you can consider applying to Computer or Electrical engineering (which have similar courses) + software minor + internship
- If you are set on doing a Major in Software (without Co-op), you can also look at the Faculty of Science Software or Computer Science degrees.

Am I eligible to transfer?

1) Must have completed the degree's Year 0 freshman science courses or their equivalents.

MATH, PHYS, CHEM

+

2) Minimum **27 graded credits (doesn't include S/U courses nor transfer credits)** completed at the end of the current academic year (Fall 2020+Winter 2021) -with one term having at least 15 credits

* if you were admitted in Winter 2021, 15 credits is sufficient

*or if you were on a co-op work term, 15 credits will be considered

+

3) You must have a minimum of 3.3 CGPA to apply via MINERVA

* Mining and Materials requires a minimum of 3.0 CGPA

Minimum CGPA does not guarantee admission due to limited space and competitiveness of program.

Faculty Transfer cut offs

<https://www.mcgill.ca/engineering/students/undergraduate/advising-programs/readmission-faculty-transfers>

CGPA cut-offs can fluctuate up or down from one year to the next.

	Intrafaculty transfer CGPA Cut off				
	2020	2019	2018	2017	2016
Bioengineering	3.70	4.00	3.93	3.96	3.28
Chemical	3.58	3.96	3.90	3.85	3.92
Civil	3.27	3.67	3.52	3.51	3.50
Computer	3.40	3.66	3.91	3.65	3.78
Electrical	3.40	3.91	3.91	3.65	3.78
Materials	3.50	3.56	3.40	3.50	3.78
Mechanical	3.75	3.88	3.80	3.88	3.93
Mining	2.34	2.92	2.47	3.03	3.84

What are the deadlines and how to apply

- Application to apply **opens** on MINERVA March 1st, **deadline to apply May 1st** no extensions or exceptions will be granted
- To apply sign-in to **MINERVA** and select:
 - Student Records Menu
 - Faculty Transfer and Readmission Menu
 - One application/Faculty should indicate which one is first choice and which is second choice in the comments field.
- Only two programs (e.g. Electrical, Chemical,) are permitted on each application.
- Majors (Programs) Available only for Fall terms:
 - Fall Term:** Bioengineering, Chemical, Civil, Electrical/Computer, Mechanical, Mining/Materials & Architecture
 - Software and Software Co-op are CLOSED for Fall 2021** – if on drop down menu in MINERVA – do not select
- **Applications will only be reviewed after May 1st**

When will I receive a decision/response? How will my courses transfer?

Decisions will be given on MINERVA in the months of June through to July.

Students are expected to frequently monitor their application status as they have three weeks to respond to an offer. If you decline, your spot will be given to another student.

If you made more than 1 application, and are waiting for other offers to make your final decision, and in order to keep other applications considered please contact us at transfer.engineering@mcgill.ca,

Once you accept an offer, all other pending applications wont be considered and will be cancelled.

How will your courses transfer to your new program

Only once you accept your transfer offer

the courses that meet or are equivalent to the new degree requirements are included in the new degree CGPA; **all other courses are excluded.**

Why do you want to transfer?

Did you research the program of interest?

visit the Faculty of Engineering website: <http://www.mcgill.ca/engineering/students/future-students/undergraduate-programs>

also browse through the eCalendar https://www.mcgill.ca/study/2020-2021/faculties/engineering/undergraduate/ug_eng_acad_programs

Did you consider a minor instead? https://www.mcgill.ca/study/2020-2021/faculties/engineering/undergraduate/ug_eng_minor_programs

Did you talk to a Career advisor? they can help guide you in deciding which degree can lead you to your preferred career path.

Engineering students; visit <https://www.mcgill.ca/careers4engineers/>

Or *for all Faculties*; visit CAPS <https://www.mcgill.ca/caps/>
