

# Mike Zahn Fellowship

Established In Honour of Michael Zahn (1962-2013)

Established in 2015 by Dorothy Li in memory of her brother, Michael Leonard Zahn (MEng'89) for one or more graduate students in the Trottier Institute for Sustainability in Engineering and Design (TISED).

**MADE**  
by McGill

**Michael Zahn (1962-2013)** was born in Winnipeg where he grew up surrounded by extended family. He graduated from the University of Manitoba with a Bachelor's degree in engineering and then earned his Master's degree in engineering at McGill in Montreal in 1989.

He made his home in Montreal and worked for over twenty years at Canadian Aviation Electronics. His work took him to many places around the globe, so much so that travel became a passion for him. Mike had a large circle of friends, many of whom shared his love of skiing, hiking, canoeing, and other sports.

He also enjoyed photography, playing guitar and chopping wood, and is remembered as "one of those rare people always in good spirits who left a lasting impression on everyone who knew him."

Proudly Supported By Dorothy Li

Established in 2015 by in memory of her brother, Michael Leonard Zahn (MEng'89) for one or more graduate students in the Trottier Institute for Sustainability in Engineering and Design (TISED) under the guidance of a TISED member. Awarded by the Faculty of Engineering on the basis of academic merit.
