

Postdoctoral Researcher position in Prof. Natalya Gomez's research group under her Canada Research Chair in Ice Sheet – Sea Level Interactions beginning by September 2024.

The Researcher will work in collaboration with Dr. Gomez on a range of possible projects under the broad theme of modeling and observations of ice sheet dynamics, glacial isostatic adjustment, and global sea levels.

Candidates must have a doctoral degree in geophysics, glaciology, sea level science, geodesy, paleo or modern climatology, glaciology, oceanography, or a related subject with strong quantitative research skills and familiarity with numerical modeling. Candidates should explain the relevance of their background to Dr. Gomez's research program.

The position is for 2 years, with possibility for an extension depending on progress and available funding. The annual salary will be \$50,000 plus benefits. The position includes a maximum relocation allowance of \$2,500. Postdocs at McGill must remain within 5 years of being awarded their Ph.D. throughout their appointment, and therefore applicants must have been awarded their Ph.D. within three years of their start date.

Review of applications will begin on April 5th, 2024 and continue until the position is filled. Start date is negotiable but ideally the candidate would begin by early September 2024.

All applications must include:

- a cover letter outlining the candidate's academic qualifications and professional experiences motivation, and how they will bring value to the research program;
- a brief research statement (1-2 pages max) including research to date and future directions, including under the themes listed above;
- a current curriculum vitae;
- a copy of university transcript(s); and
- names and contact information of two reference letter writers.

Applicants must apply by creating a candidate account and uploading all required documentation, except the letters of recommendation, as a single PDF in McGill's Workday system.

Questions and communications can be sent to Dr. Natalya Gomez at [natalya.gomez@mcgill.ca](mailto:natalya.gomez@mcgill.ca) with the subject line "PDF position 2024"
