

Enrolment Services Vision: Enrolment Services develops and delivers world class administrative services that promote student success in an academically excellent, student-centred, research intensive university.

Mandate: *Enrolment Services is a strategic and operational administrative unit providing expert support, advice and services in a fiscally responsible manner to the McGill University community and to prospective, admitted and current students, families and alumni. Reflecting responsibilities that bridge the academic and student life of the University, Enrolment Services is involved in strategic enrolment planning, student recruitment, graduate and undergraduate admissions, academic program management, classroom and examination scheduling and invigilation, the management of the official student record, convocation, and front line services to a broad range of community members at McGill and beyond.*
