Advanced Research Seminar

WEBINAR

Empathy in Family Medicine Postgraduate Education: A Mixed Studies Systematic Review

Dr. David Felipe Ortiz-Paredes is a Colombian general practitioner holding a MSc in Family Medicine from McGill University. His interests involve qualitative methodologies, family medicine education research, professional identity and empathy training.

Dr. Peterson Adam Henet is a psychiatrist resident in Belgium (Université Catholique de Louvain, Belgium, 1st year in PGME). He shares his time in clinical formation with research studies over empathy, social cognition and social psychiatry.

Dr. Martin Deseilles is a psychiatrist and psychotherapist, Professor at Namur University (Belgium) where he is the Director of the Department of Psychology. He divides his time between clinical practice, teaching and research.

Dr. Charo Rodríguez is a Professor of Family Medicine and an Associate Member of the Institute of Health Sciences Education at McGill University. She teaches about qualitative research in health, and is Director of the Medical Education Concentration, MSc in Family Medicine, and Director of the McGill Family Medicine Education Research Group (FMER).
