Research Program

Clinician-researcher partnership to produce knowledge from and for clinical practice: Initiatives and lessons learned at the McGill Practice-Based Research Network

Presented by
Jeannie Haggerty
(PBRN Co-Director)

Peter Nugus
(PBRN Co-Director)

Nadjib Mokraoui
(PBRN Coordinator)

Online
Research Seminar Series
Friday June 11, 2021
12:30pm-1:30pm

REGISTER HERE

The Mission of the McGill Primary Care PBRN is to produce and apply research knowledge from and for clinical practice with an ultimate goal of improving the quality of patient care. The PBRN is composed of the 9 McGill FM teaching sites and 3 FM clinics. The seminar will present some clinician-initiated research the PBRN has supported and some upcoming opportunities for involvement (e.g. PBRN Fellows) and tools we are putting in place to enhance researcher collaborations with clinics.

Webinar moderated by **Katya Loban**
