Mapping the Canadian Landscape of Continuing Professional Development – Continuing Medical Education Targeting Physicians: A Scoping Review

Dr. Francesca Luconi (PhD) is an Educational Psychologist, Assistant Dean and Academic Associate of Continuing Professional Development for the Faculty of Medicine and Health Sciences of McGill University. Senior researcher, educational consultant, instructional designer, experienced in the design, implementation, and evaluation of professional continuing professional development (CPD) programs in health care. Strong inter-disciplinary academic background, research and leadership skills and practical judgement for customizing CPD programs. Ability to organize and manage various simultaneous projects effectively. Recognized for effective communication, group facilitation and conference presentation skills. Multi-lingual with extensive international experience. Areas of focus in CPD: accreditation/certification, self-regulated learning, assessment, instruction, e-learning, literature reviews, needs assessment and CPD scholarship. She has published in several peer-reviewed journals and presented at national and international conferences.
